RELIEF

From Terrific Heat Comes
to Chicago and Is Prom-
ised Ohio

18-MILE BREEZE FROM
THE NORTH

Causes Drop of 22 Degrees
In Temperature

MANY RECORDS BROKEN

By the Long Period of Tor-
ridity Which Began the
Week of July 11—Chicago
Reports 284 Persons Dead
As Result of Heat and Nu-
merous Prostrations From
Same Cause

(ASSOCIATED PRESS TELEGRAM)
Chicago, July 31.—The end of
one of the longest periods of hot
weather Chicago ever experienced
came today in an 18-mile breeze
from the north. A drop of 22 de-
grees in temperature from 102, the
highest reached yesterday, was re-
corded at 9 o'clock today when the
government thermometer registered
80. The wind sprang up at four
o'clock and gradually increased in
velocity. The weather bureau pre-
dicted it would shift to the north-
east whence comes the usual cooling
"lake breeze."

The hot period began July 11.
There is no indication of a return
of the heat for several days, accord-
ing to the weather bureau. Latest
figures show 284 persons died in
Chicago as a result of the heat
wave.

Deaths attributed to the heat dur-
ing the four days' hot wave up to
midnight last night totaled 264. Ap-
proximately 400 prostrations were
reported.

It was said that the cool wave
would be felt in Chicago possibly by
tonight at 7 o'clock and that by day-
light tomorrow morning, it will be
"pleasant." Chicago, after yester-
day's list of 115 deaths, attributed
to the heat and more than 400 pro-
strations, to a great extent slept out
doors again last night. The num-
ber of deaths in the city were vast
sleeping apartments and Lake Mich-
igan furnished comfort to thousands
of bathers as late as midnight.

Upwards of fifty babies were re-
ported to have succumbed to the
heat yesterday.

Among animals the death rate has
almost established a record. Dead
horses were reported lying along
streets in many sections of the city.

WASHINGTON FORECAST
(ASSOCIATED PRESS TELEGRAM)
Washington, July 31.—After
breaking several heat records in the
western upper lake region, the heat
wave today had spread into the mid-
dle and south Atlantic states. An
area of higher pressure coming from
the Canadian northwest caused lower
temperatures through the upper
Mississippi valley and the north and
west upper lake region. In the south
and extreme west, however, higher

FURTHER

Advances by General Haig's
Forces on the Somme
Front Reported

ALONG A FRONT OF SIX
MILES

Heavy Counter Attacks Are
Launched By Germans

RUSSIAN DRIVE GOES ON

With Undiminished Force
In Some Sectors On the
Eastern Front and Czar's
Soldiers Are Keeping Up
Their Pursuit of Teutons
Who Have Been Pushed
Still Further Back

Further advances for General
Haig's forces on the Somme front in
northern France where a combined
attack of the British and French
gained ground along a six-mile
front today, are reported by London.
New gains scored north of Bazentin
le Petit, were effected in local
operations, the British last night
spending their time chiefly in con-
solidating the ground won yesterday.

South of this sector where the
French had advanced along the road
towards Comblès and reached the
outskirts of Maurepas, the Germans
again launched heavy counter at-
tacks. They achieved no lasting suc-
cess, according to Paris, being driven
out of the trenches which they mo-
mentarily penetrated near Monacu
farm.

The great Russian drive on the
eastern front is continuing in undim-
inished force in some sectors. In
northeastern Galicia in the region of
Brody which was captured last week
by General Sakharoff, the Russians
are keeping up their pursuit of the
Teutons who have been pushed back
to the Graberki and Sereth rivers,
Petrograd announces.

Dispatches from Cairo announce
that the Arabs who are fighting
against Turkish rule in Arabia have
captured the Turkish town and fort
of Yembo, on the Red sea.

A Zeppelin airship that appeared
off the English east coast this morn-
ing was engaged by a British aero-
plane but disappeared while the Brit-
ish air fighter was temporarily dis-
abled, London announces.

Sinking of the Italian steamer
Dandolo, a vessel of nearly 5,000
tons is announced through London.
Reports of warfare on the sea
chronicle the partial destruction of
the Dutch mail steamer Konigin
Wilhelmina by striking a mine off
the Dutch coast, the passengers es-
caped in boats and the sinking of
the British steamer Claudia, of 1-
144 tons, the Italian steamer Dan-
dolo, 4,977 tons and the Norwegian
schooner Mais.

HIGH FIRE IN CANADA.
Hamilton, Ont., July 31.—The
hydro-transforming station at Dun-
das was almost completely destroyed
by fire caused by a short circuit
early today. Hamilton and all west
Ontario are without power.

TODAY IN CONGRESS

The congressional business for
today is thus summarized:
Senate.
Met at 11 A. M.
Senator Walsh spoke in favor
of constitutional amendment to
make federal judges ineligible to
elective offices.
Considered amendments to fed-
eral reserve act.
Resumed debate on District of
Columbia appropriation bill.
House.
No session, meets Wednesday.

Several Killed and Millions Property Destroyed Sunday By Explosion Following Fire

SERIOUS DISTURBANCES MARK CAR STRIKE IN NEW YORK CITY

Crowd of strikers, sympathizers and working people gathered around a New York trolley being operated by a "green" motorman.

A huge street car strike is spreading in
Greater New York and threatens to tie up transportation facilities in
that city. Working people who are compelled to walk miles to their places of business are suffering the greatest
inconvenience. Rioting has already occurred at some of the car barns and junctions and one death is directly
due to a walk-out, a "green" motorman having run his car off a curve and into an elevated pillar, killing himself
and seriously injuring two policemen and some of the passengers.

Two American Soldiers Killed by Mexican Bandits Who Crossed Border

(ASSOCIATED PRESS TELEGRAM)
El Paso, July 31.—Two Americans
were killed and one wounded in a
clash with Mexican bandits who had
crossed the Rio Grande five miles be-
low Fort Hancock, Texas, early to-
day. There were live bandits in the
party.

Private John Towney, Troop F,
Eighth United States Cavalry, and
Robert Woods, a United States cus-
toms inspector were killed. Sergeant
Lewis Thompson, Troop F, Eighth
Cavalry was seriously wounded.

More than 200 shots were fired
during the engagement, it is re-
ported. The Mexicans, it is believed,
crossed the line to steal horses. They
were discovered by American out-
posts and were attacked by the cav-
alry patrol. These Mexicans, mounted
on good horses, attempted to flee,
but were intercepted and forced to
fight.

General George Bell, Jr., com-
manding the El Paso military district
said he had learned of the engage-
ment through only unofficial sources.
Other reports reaching here said it

was believed the Mexicans were
members of one of the Villa bandit
bands recently reported operating
south of the Rio Grande in that sec-
tion.

Advices said the Massachusetts
company was commanded by Captain
H. D. Cushing and most of the mem-
bers are said to have come from
Cambridge.

Reports to General George Bell, Jr.,
commanding the El Paso military
district, indicated the bandits had
been killed.

American patrols reported that a
small detachment of Mexicans had
crossed the Rio Grande and appar-
ently were making their way toward
an isolated section about 25 miles
down the river. It was believed they
were either smugglers or stock
thieves.

A small detachment of Troop F,
Eighth Cavalry was sent in pursuit.
The Mexicans were surprised and it
is believed that none escaped.

General Bell said later that fur-
ther advices indicated the clash took
place about five miles below Fort
Hancock.

General Francisco Gonzales, com-
manding the de facto government

troops in northern Chihuahua said
today that while he had received no
reports of today's clash near Fort
Hancock, he had received dispatches
indicating that a small band of cat-
tle thieves were engaged by Mexican
customs riders Saturday night in the
vicinity of San Ygnacio, on the Mexi-
can side, a few miles south of Fort
Hancock.

His dispatches indicated, he said,
that the Mexican authorities were
pressing the outlaws and he ex-
pressed the belief that the bandits
had fled across the river to escape
the customs authorities.

Mexican reports said also that
three of the bandits were captured in
the fight with the customs authori-
ties.

ALL MEXICANS WHO
FOUGHT ARE DEAD
(ASSOCIATED PRESS TELEGRAM)
San Antonio, July 31.—All five
Mexican bandits who took part in the
fight with American troops near Fort
Hancock, early today were killed, ac-
cording to a report transmitted to
General Funston by General Bell,
commanding at El Paso. The Ameri-
cans suffered a loss of two men
killed and one wounded.

believed the worst is over, although
there were reports of fires still rag-
ing in some districts.

OPPORTUNE RAINS
EXTINGUISH FIRES;
MUCH DAMAGE DONE.

(ASSOCIATED PRESS TELEGRAM)
Montreal, July 31.—Reports re-
ceived here by the Abitibi Power and
Paper company, Ltd., which has ex-
tensive paper mills and timber lim-
its in the town and neighborhood of
Troquois Falls, in the sections swept
by bush fires indicate that the fire
in that district were checked at mid-
night by heavy rains. The com-
pany's plant and stock was saved,
although at Troquois twenty dwell-
ing houses were destroyed and 17
lives lost.

According to reports received here
today from the fire zone, the total
number of dead accounted for up to
9 o'clock this morning was 184. Re-
lief work was reported to be well in
hand.

FRANCE AGREES
TO SENDING OF
POLISH RELIEF.

(ASSOCIATED PRESS TELEGRAM)
Washington, July 31.—Ambassa-
dor Sharp at Paris called the state
department today that France ac-
quiesced in the recent note of Great
Britain offering to permit the ship-
ment of American relief supplies in
to portions of Poland occupied by
autocratic forces on conditions that
the occupying armies would not seize
or remove native food products.

UNCONSCIOUS THREE WEEKS.
(ASSOCIATED PRESS TELEGRAM)
Davton, July 21.—Miss Doll Bac-
ciocco of Cincinnati, injured in an
automobile accident three weeks ago,
still is unconscious at the Miami Val-
ley hospital. Attending surgeons be-
lieve the woman's condition is with-
out parallel and while they expect
her to recover eventually, she has
shown no signs of returning con-
sciousness.

AMERICANS SEND RUSSIANS RELIEF

(ASSOCIATED PRESS TELEGRAM)
New York, July 31.—The Russian
American Relief Association has
been formed under the auspices of
Madame Bakmeteff, wife of the
Russian ambassador in the United
States. This is the first organiza-
tion formed for the relief of the Rus-
sian war victims. The funds will be
distributed through imperial and of-
ficially recognized organizations in
Russia and in all the needy, regard-
less of creed, it is stated, will be the
recipients of the relief and assist-
ance the fund will make.

KILLED GIRL AND SELF IN QUARREL OVER ROOM RENT.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, July 31.—Helen Sabo,
15, was shot and killed today by
Ladislav Curti, 28, a boarder at the
Sabo home. Curti then chased the
girl's mother into the street, threat-
ening her with his revolver, fired
two shots at a policeman who was
called and finally committed suicide
by shooting himself. Trouble be-
tween Mrs. Sabo and Curti over room
rent is said to be at the bottom of
the tragedy.

AMBASSADOR'S FAMILY RETURNS TO AMERICA.

(ASSOCIATED PRESS TELEGRAM)
Blyria, O., July 31.—Mrs. W. G.
Sharp, wife of Ambassador W. G.
Sharp, and two children, are sched-
uled to arrive in New York today
from Paris and expect to reach
Blyria Wednesday. Ambassador
Sharp expects to visit here later in
the summer.

BODY NOT RECOVERED.

Fremont, O., July 31.—The body
of Merl Edgar, 26, formerly of For-
tioria, who was drowned in the San-
dusky river last night, has not been
recovered.

200 DEAD IN CANADA FROM FOREST FIRES

(ASSOCIATED PRESS TELEGRAM)
Toronto, Ont., July 31.—A mes-
sage received by the department of
mines and forests at the Parliament
buildings states that the fires in
northern Ontario have been entirely
quenched by heavy rains. All fires
are out.

(ASSOCIATED PRESS TELEGRAM)
Englehart, Ont., July 31.—Definite
figures regarding the loss of life in
northern Ontario through the wiping
out of half a dozen towns by bush
fires were still lacking today. Fig-
ures on hand indicate at least 200
persons are dead.

The known dead are: At Nushka,
18; Matheson, 24; Troquois Falls,
15; Cochrane, 18; and Ramore, 15,
a total of 139.

It is said that there has been loss
of life also at Pouching Junction,
where only the railroad station es-
caped the flames. Outlying places
are expected to send the list ma-
terially when rescue parties return.

Troquois Falls, where great paper
mills are located, was not entirely
burned as reported last night. Ad-
vices today state that the paper mills
and one store were saved from the
flames.

Nushka, Matheson, and Ramore
were entirely burned over and Cochrane
nearly so. Houses on two of its
small avenues were saved. At Tim-
mins the fire was checked in the
outskirts after 17 houses had been
burned.

Some rain fell during the night
and helped the fire fighters. It is

Ammunitions Intended for Shipment to the Entente Allies,
Stored Upon Barges and Piers, Exploded When a Fire
Starting Upon One of the Barges Reached It, and
the Detonation Was Felt in Five States

FEDERAL AND COUNTY INVESTIGATIONS START

Two Men Under Arrest and Mayor Fagan of Jersey City
Says He Will Demand a Congressional Probe of the
Disaster With a View of Having Enacted More Strin-
gent Laws for the Transportation of High Ex-
plosives Than Are Provided in the Present Regulations
of the Interstate Commerce Commission.

(ASSOCIATED PRESS TELEGRAM)
New York, July 31.—While federal and county prosecutors and inter-
state commerce commission were conducting investigations to determine
the cause and fix the responsibility for the great ammunition explosion
in Jersey City yesterday morning with its toll of death, injury and de-
struction, Mayor Mark Fagan of Jersey City announced that he would de-
mand a congressional investigation of the disaster. He said that such
an investigation was imperative in order to enact more stringent laws for
the transportation and storage of high explosives, than are provided in
the present regulations of the interstate commerce commission.

The mayor asserted that the state of New Jersey, although it had
state, was at the mercy of the federal laws to which the Jersey authori-
ties have been obliged to conform in order to permit interstate commerce.
Under the New Jersey law, Alfred M. Dickman, agent of the Lehigh
Valley railroad stationed at Black Tom pier, where the explosion oc-
curred, and Alexander Davidson, superintendent of the warehouse of the
National Warehouse Storage Company, mostly destroyed, were brought
into court in Jersey City under arrest today and held in \$5,000 bail un-
til Friday.

Counsel for Theodore B. John-
son, president of the lighterage com-
pany, which owned the barge, prom-
ised to surrender him later today.

The death list from the explosion
still stood at three today although
some of the missing had still to be
accounted for. The discovery that
many munition boxes, buried from
exploding barges of set alight when
they sank, were drifting about the
harbor today caused great nervous-
ness among pilots of harbor craft.

A revised estimate of the damage
today places the loss at a little more
than \$20,000 as follows:
Thirteen warehouses, National
Storage company, \$7,000,000.
Forty thousand tons of raw sugar
\$3,400,000.

Twenty-four thousand bales of to-
bacco, \$1,500,000.
Other merchandise, \$500,000.
Amputation in cars and barges,
\$5,000,000.

Other barges and cargoes, \$200-
000.
Ellis Island, \$75,000.
Bedloe's Island, \$100,000.
Lehigh Valley railroad piers, etc.,
\$1,250,000.

Moran Towing company \$37,000.
Plate glass and other damage in
Manhattan, Brooklyn, Hoboken and
Jersey City, \$1,000,000.
Total, \$20,000,000.

Estimates of the casualties early
today placed the number of dead at
thirty, with three others mortally in-
jured, 35 suffering from less serious
injuries and eleven to twenty miss-
ing.

Frank Hague, commissioner of
public safety of Jersey City, charged
that the blame for the explosion lay
with either the Lehigh Valley rail-
road company, the storage company,
or the lighterage company, and that
some of them had violated laws of
New Jersey, the Jersey City ordi-
nances and the rules of the inter-
state commerce commission by per-
mitting barges loaded with ex-
plosives to remain moored at the piers
overnight. These barges were being
used to transport the ammunition to
steamers lying in Gravesend bay.

Several investigations were com-
menced today to discover the origin
(Continued on Page 2, Col. 3.)

Newark Men Scald to Death When Locomotive Hits Auto and Overturns at Monroeville

When an automobile died on the
Sandusky railroad crossing in Mon-
roeville last night at 8:30 o'clock,
and the engine of B. & O. passenger
train No. 8 of the Sandusky-Man-
sfield run was derailed and over-
turned, Newark lost two of its oldest
and best known trainmen, Engineer
J. M. McKittrick of 53 Division ave-
nue, and Fireman H. W. Hull of 28 Vine
street. Fireman Hull was scalded to
death, and Engineer McKittrick was
bruised and scalded to the extent
that he died of his injuries in a
Sandusky hospital at 7 o'clock this
morning. The occupants of the au-
tomobile, Mr. and Mrs. E. M. Alberts
of Monroeville, and their two chil-
dren, escaped by jumping from their
machine when the engine of the
locomotive stopped and they saw the
approaching danger. Besides the two
trainmen, no other was injured. The
bodies of the victims of the tragedy
will be brought to Newark on Train
No. 10 which arrives at 6:40 o'clock
this evening.

Engineer McKittrick was aged 55
years, and for 27 years has been in
the service of the B. & O. railroad,
having begun as fireman in 1889.
After eight years as a fireman he
was promoted to engineer, and in
that capacity he was employed until
the accident which resulted in his
death. He was one of the oldest and
best known engineers on this divi-
sion, and one of the best known
trainmen in this city, and was es-
teemed as a man of integrity by all
who knew him.

graduated from the high school last
June; three brothers, Elmer of
Cleveland, Charles of Newark, and
Riley of Marietta; three sisters, Mrs.
Otto Rodgers of Cleveland, Mrs.
Margaret Broome of Whipple, O.,
Mrs. Jane Mason of Gracey, and his
father and mother, Mr. and Mrs.
Isaac McKittrick of Cleveland.

Definite funeral arrangements
have not been completed. Rev. W.
D. Ward will officiate, and burial will
be made in Cedar Hill.

Fireman Hull was aged 53 years
and had been in the B. & O. service
for 20 years, serving the most of that
time as fireman. He had been of-
fered promotion but refused to take
it, preferring to continue in the posi-
tion of which he was an expert.

Mr. Hull was one of the best
known railroad men in the city and
his friends were legion. He was
ready and willing at all times to as-
sist a friend and was always doing
for others. He was a kind and lov-
ing father and husband and an excel-
lent neighbor. He is survived by his
wife and four children, Miss Alberta
Hull and Mrs. Ruth Huntzman of
Mansfield, O., Mrs. Mabel Hewitt of
Alliance, O., and Steven of the home.
His parents, Mr. and Mrs. D. J. Hull
of Allen street, three sisters, Mrs.
George Moore of North Cedar street,
Mrs. Timothy Perry of Wayne
street, Mrs. W. T. Strickling of
Arch street and one brother, Charles
W. Hull of the Franklin addition.

Mr. Hull was a member of the
National Knights and Ladies of Se-
curity, the Improved Order of Red
Men of Mansfield, O., and the Broth-
erhood of Locomotive Firemen.
The funeral will take place from
the U. B. church in East Main street,
Rev. A. B. Coff officiating, the date
not having been determined.

Another Week of Waiting Appears in Prospect for the Guardsmen at Camp Willis

(ASSOCIATED PRESS TELEGRAM)
Camp Willis, Columbus, July 31.—
Another week of weary waiting for
orders to move to the Mexican border
troops today. They hope for an
early order to entrain for a
while today when a rumor was cir-
culated that railroads were sidetrack-
ing tourist sleepers near Columbus
to be used by the troops on their
journey south. Guard commanders
learned later that only a few sleep-
ers had been brought here and these
for the use of men who are to be
sent from the government training
station at Columbus barracks.

There was absolutely no indica-
tion today as to when the Ohio
guardsmen will move. At the office
of Quartermaster William H. Duffy
it was said supplies will still com-
ing in slowly if the war department
adheres to its last order that the men
be "thoroughly equipped" before
they are sent south it will be at
least another month before the
troops get away from Camp Willis.

Word has been received that some
supplies which had been requisitioned
from the government supply de-
pots will be "purchased and for-
warded" indicated that the govern-
ment stock of these articles is ex-
hausted.

There were two discouraged offi-
cers in camp today. They were
Major William Z. Roll of Lebanon
and Major Daniel T. Stearns of
Cleveland. Orders have been re-
ceived that they must be mustered
out of the federal service. They

head the positions of inspectors of
small arms in practice in the First
and Second Brigades respectively.
They must be mustered out, it is said,
because the new army bill makes no
provision for their positions in the
service.

Today was general muster and in-
spection day. Each company marched
before its commanders and the pay
rolls for the month of July were
checked.

While these preparations were be-
ing made for the next pay day, men
of the Fourth and Fifth Regiments
were today given their federal pay
for 12 days in June.

The Fifth and Sixth Regiments to-
day attended the Columbus-Toledo
baseball game at the American As-
sociation park here.

The arrival of nine Pullman
coaches in the Columbus railroad
yards last night, and the report that
more than one hundred and fifty
were enroute stimulated today the
hopes of Ohio guardsmen that at
least a portion of the troops will be
ordered to the border shortly. Rail-
road officials dash the hopes with
the statement that the coaches are
for the use of the regular army at
the Columbus barracks and that
they have no knowledge of the ex-
pected arrival of more coaches for
transportation of troops. The
guardsmen believe there is founda-
tion for the statement that a num-
ber of coaches will arrive before the
end of the week and be put at the
disposal of the camp commandant.
(Continued on Page 2, Col. 3.)

Men of Newark

WILLIAM E. MILLER NEEDS NO INTRODUCTION TO THE PEOPLE of this community as he has a personal acquaintance with the majority of the people of Licking county. For 49 years he has been a Newark business man and is now at the head of the William E. Miller Hardware store in 25 South Park Place.

SCATHING

REBUKE OF REPUBLICANS FOR TAKING CANDIDATE FROM SUPREME COURT.

Is Given by Senator Walsh Who Says It Was Done to "Save Party Not the Country."

(ASSOCIATED PRESS TELEGRAM) Washington, July 31.—A speech today on the Thomas constitutional amendment to make federal judges ineligible to any elective offices, Senator Walsh, Democrat, declared that former Justice Hughes was nominated for the presidency by the Republicans "to save his party, not to save the country," and charged that no more deadly blow ever had been aimed at the federal judicial system.

Sensor Walsh said it was appropriate to defer action on the proposed amendment until a calmer time and that the election in November would serve as a referendum on the principle involved.

The senator referred to Justice Hughes' declaration to be a candidate for president in 1912 and to his interview at that time on the subject made public by Rabbi Stephen S. Wise.

"Judging by this past," he continued, "there must be general acquiescence in the view of Justice Hughes that 'no man is as necessary to his country's well-being as the unstained integrity of the courts.'"

"A departure from the salutary rule in consequence of which no justice of the supreme court has ever until now become the candidate for any party for the office of president can be justified only in some crisis involving the national life."

Sensor Walsh said that it was only just to assume that Justice Hughes' nomination came to him through and "that he had no hand in the water-ordering pre-invention campaign that was conducted in his behalf," but that "his success in the election would excite hopes in the breasts of men less rigidly scrupulous."

Senator Townsend of Michigan, spoke in reply. "It is a compliment to Mr. Hughes that no one has raised any other issue against him," he said. "He has never pandered to classes or to public sentiment but has adhered to his duty as he saw it. He accepted because he believed the people called him and because he believed a national emergency existed. Such an emergency does exist and has existed for two years and a half."

One acre planted to bananas is said to produce as much food value as 40 acres of potatoes or 133 acres of wheat.

Desire for Drink Gone Again Making Money
Happy Experience of a Neal Cured Grocer Who Writes the Neal Institute
"I am O. K. and making money. All craving for liquor is gone. I handle it some and have been at the old places where I once went, but have no desire for anything to drink,—thanks to the Neal Treatment."
A grocer, in business for himself, in a northern Ohio city, sends this cheerful message to the Neal Institute.
It pays to get rid of the business-destroying drink habit; pays in money saved; brains cleared; eyes brightened; sleep restored; and nerves quieted.
The Neal Treatment is a physician's vegetable remedy, perfectly harmless and taken internally, with no dangerous hypodermic injections. It is tonic in its results, and has no injurious after effects. Investigate for yourself. Call or write for booklet, "The Neal Way." The Neal Institute, 1320 Main street, Columbus, Ohio. Other Neal Institutes located at Cleveland, Cincinnati and Pittsburgh.

TURKISH FORT WAS CAPTURED BY ARAB FORCE

(ASSOCIATED PRESS TELEGRAM) London, July 31, 1:56 p. m.—An Arab force dispatched to the Helias coast of the Red Sea, after the fall of Jeddah has captured the Turkish town and fort of Yembo, says a dispatch from Cairo to Reuter's telegraph company. The troops in the Turkish garrison were made prisoners and guns and munitions were captured.

SEVERAL KILLED

(Continued from Page 1) of the fire which caused the awful explosion. Ammunition worth \$5,000,000 and 85 freight cars were destroyed, setting blazing ammunition barges adrift to bombard the statue of liberty and the Ellis Island immigration station with shells and shrapnel and shattered \$100,000 worth of windows in this city. One of the investigations is conducted by Colonel Beverly W. Dunn, chief inspector of the bureau of explosives of the American Railway Association, and the Interstate Commerce commission. He is aided by thirty inspectors. The counts prosecutor and city authorities in Jersey City are making investigations also. It is understood that agents of the department of justice are making inquiries to learn whether the explosion was the work of an incendiary.

Conflicting reports as to the cause of the fire are still circulated. Lehigh Valley officials assert that an interlocking barge loaded with ammunition was moored at their pier in defiance of their orders, and that the first explosion took place on board that vessel. The commission of public safety says that four ammunition barges were at or near the pier and that all of them were destroyed and their crews perished.

RELIEF

(Continued from Page 1.) temperatures were recorded. Cooler weather was predicted for Tuesday in the lake region and eastern New York but elsewhere in the east and in the Ohio valley and the south the heat wave will maintain torrid temperatures.

RELIEF FOR OHIO

(ASSOCIATED PRESS TELEGRAM) Columbus, July 31.—Prospects of rain tomorrow or Wednesday announced today by the weather bureau promised relief to this region from the hot weather of the last week. The lowest temperature during the night was 75 degrees. At 7 a. m. it was 77. The temperature yesterday was 95 at the weather bureau and in the kiosk on the street 101.

ANOTHER WEEK

(Continued from Page 1.) according to information gleaned from a Toledo and Ohio Central railroad official.

The already arranged campaign of recruiting to fill the ranks of the Ohio national guards and to establish a reserve was gotten under way today. Fifteen recruiting officers opened offices in various cities over the state and undertook to enlist the first companies of recruits to compose the new "rookie" unit of 10,000 men.

New recruits will be sent to Camp Willis as rapidly as they are taken into the service, where they will undergo the federal examination and be mustered into the federal service when not rejected for physical deficiencies.

A portion of the recruiting staff will be transient and will visit a "string" of cities during the recruiting campaign.

Matches which have once been partly used are carefully gathered in Japan and redipped in phosphorus. The industry has grown to such magnitude that a large proportion of matches now sold have been lighted at least once. Recovering them from streets and eating houses is an industry of the poor.

The United States produced little more than one-half the flax-seed needed by American mills last year.

Everett Kemp, Noted Reader, to Present Great Human Interest Story on Chautauqua's Second Day

EVERETT KEMP.

EVERETT KEMP, "the man with the million dollar laugh," is to appear in a monologue on the second day of the Chautauqua. The fact that he has given his readings repeatedly in practically every nook and corner of the United States is sufficient evidence that he is an entertainer worth while.

Mr. Kemp is a born comedian with a delicious sense of humor. So pleasing is his manner of entertaining that at a recent session of the International Lyceum Association an entire evening was given over to him. It is significant that Mr. Kemp has devoted ten seasons to Chautauqua work and that he is in constant demand among managers of this twentieth century form of entertainment.

He is to present Harold Bell Wright's great story of "That Printer of Udell's."

LITTLE RELIEF FROM HEAT, BUT IT WAS COOLER

Few Newark people will believe the statement that Sunday and Monday were any cooler than those exceedingly hot days last week but the thermometer at police headquarters indicated that it was about one degree cooler than Sunday. At 11:00 o'clock this morning it was 92 degrees at police headquarters is compared with 94 degrees at the same hour Sunday, 97. Saturday according to records kept by Headquarters Officer Abbott.

But there is little room for hope. By 1:00 o'clock this afternoon the weather man had shoved the heat lever over another notch and the mercury advanced to 96 degrees which equaled that of Sunday afternoon.

At the Brown grocery in East Newark, where the thermometer is in the shade and well protected, the instrument registered 97 degrees at 2:00 o'clock, this afternoon as compared with 98 last Saturday.

Weather forecasts issued this morning from the Columbus bureau indicated that rain was in prospect tonight or Tuesday and that as a result, there would be a relief from the longest heat term for several years.

Despite the intense heat, there has been a remarkably low mortality rate for July. While the records have not been made up for the month there is every indication that there has been fewer deaths this month than in the same period last year or the year before.

NEW SECRETARY FOR IRELAND IS NAMED TODAY

(ASSOCIATED PRESS TELEGRAM) London, July 31.—Henry Edward Duke, a barrister and unionist member of parliament for Exeter, was today appointed to be the new chief secretary for Ireland in succession to Augustus Birrell.

The new chief secretary will be given a seat in the cabinet. No new lord lieutenant of Ireland will be appointed until after the outbreak of the Irish rebellion.

DEATH RATE OF INFANTS INCREASING

(ASSOCIATED PRESS TELEGRAM) New York, July 31.—The mortality rate took another jump today in the epidemic of infantile paralysis while the number of new cases discovered remained virtually the same. During the 24 hours ending at 10:00 o'clock this morning there were 35 deaths and 133 new cases reported as against 12 deaths and 145 new cases during the period ending at the same hour yesterday.

GAME WARDEN IS ASSAULTED; ONE MAN BOUND OVER

Ed Barsmith, 21, of Columbus, is in the Licking county jail after failing to give \$1,000 bond for his appearance before the common pleas court to answer to a charge of cutting with intent to kill Game Warden Penrose at Buckeye Lake Park Saturday afternoon. The assault occurred in front of the dancing pavilion.

According to the story which developed at the hearing in Hebron this morning, Warden Penrose intercepted Barsmith and five or six companions as they were carrying a quantity of beer through the park. Barsmith is charged with having attacked Penrose with a knife.

Messrs. Deffenbach and Fisher, lessees of the park, grappled with Barsmith and took him into custody, handing him to Hebron. The others were charged with investigation after being arrested later.

NEW MANAGER IN CHARGE.
W. J. Thompson, manager of the clock and suit department at the Meyer & Lindner store today assumed charge of the "When" store in West Main street, opposite the Advocate office, succeeding E. A. Stevens who has been manager of the store since it was opened several months ago. Mr. Stevens goes to Columbus soon to take charge of another "When" store in that city.

He Who Shirks His Work.
The man who shirks his work, who treats the service of labor with indifference, who sacrifices his efficiency on the altar of self-indulgence, loafs on his job and plans to see how little he can do and not be caught, is to be the most pitied man on the face of the earth.

He thinks he is cheating his employer. But the employer is not the man he is cheating. Far from it. He is cheating himself. More than cheating himself, he is assassinating opportunity and paving the way to utter ruin and disgrace.

The man who cannot be trusted with labor for which he is honestly paid is just as despicable as the man who refuses to pay for labor honestly performed. The shirker is essentially dishonest. Unfaithful to himself, setting the bomb that will sooner or later send him to poverty, he is a menace and an abomination.—Dayton Journal.

Why Coins Are Milled.
Did you ever look at the edge of a dime or quarter? They are different from pennies and nickels, for all silver and gold coins have what are called "milled" edges, while the edges of pennies and nickels are smooth. The reasons for this is that some dishonest persons used to clip pieces off the coins, especially the gold ones, and then sell these scraps of precious metal when they had saved a great many. Every year the nation lost large sums of money this way, and the thieves would smooth the edges off so well that it was hard to find out who was guilty. The best way of stopping this practice was found to be to "mill" the edges of the most valuable coins so that no one could pare them without letting it be seen at once.—Kansas City Star.

DUTCH MAILSHIP STRUCK A MINE; ALL ARE SAVED

(ASSOCIATED PRESS TELEGRAM) London, July 31, 4:05 p. m.—The Dutch mail steamship Konigin Wilhelmina has struck a mine near the North Hinderlightship, says a dispatch from The Hague to Reuter Telegram company. The passengers left the vessel in the life boats and made for the lightship.

The captain of the Konigin Wilhelmina reported by wireless telegraph that his ship had struck a mine and only the aft part of the vessel was out of the water.

The passengers took to the boats and are proceeding to the Dutch coast.

Steamers and torpedo boat destroyers have been dispatched to the assistance of the Konigin Wilhelmina. She is 1946 tons gross, built in 1905.

CHINESE REBELS BURN AND LOOT CITY OF HANKOW

(ASSOCIATED PRESS TELEGRAM) Peking, July 31.—In a revolutionary outbreak in Hankow last night a large district was burned and looted and many natives were killed and some Russian women injured before foreign volunteers checked the uprising.

The revolutionary attempt was directed by the leaders of the Kuo Ming-Tang, the radical revolutionary party of China against the military government Tschun Wang. The rioters started from the Japanese concessions.

The demonstration apparently was planned to frighten the Peking government into granting the Kuo-Ming-Tang a larger recognition of the organization of the government at the meeting of parliament which begins tomorrow.

STREET CAR MEN'S STRIKE SPREADS

(ASSOCIATED PRESS TELEGRAM) New York, July 31.—The strike of street car men spread rapidly today and according to the union leaders progress is being made in their efforts to organize employees of all the city lines with a view to a city-wide tie-up.

Matthew J. Higgins, a union organizer, announced that a canvass on elevated and subway employees had shown that they were ready to "strike to a man." Nearly 5000 men already are involved in the strike it was asserted.

WILSON IS INVITED TO SPEAK IN OHIO

(ASSOCIATED PRESS TELEGRAM) Washington, July 31.—Senator Pomerene, who will be chairman of the Ohio State Democratic convention at Columbus, O., next month, invited President Wilson today to speak there. The president said he would accept if possible.

UNIQUE AND FULL OF INTEREST IS WOOD'S LECTURE

Scientist to Demonstrate His New Invention, the Trailing Torpedo.

MONTRAVILLE WOOD.
Montraville Wood, a world famed scientist with a genius for entertaining Chautauqua audiences, is to be on the 1016 program in this city. Assisted by his daughter, Miss Allene Wood, he is to give a lecture-demonstration on some intensely interesting features of popular science.

By means of ultra-violet rays Mr. Wood will write various articles on the platform; a monorial car will make a trip on an almost invisible wire, out over one of the aisles and back to the platform; a gyroscopic, running at the rate of 2300 revolutions a minute, will engage in a wrestling match with members of the audience who may volunteer to come to the stage; a torpedo that, it is believed, will in time revolutionize submarine warfare, will be demonstrated.

All of these inventions Prof. Wood will explain and reveal in such a way that his audience will be permanently instructed and thoroughly entertained.

Computing the population of European and Asiatic Russia at 180,000,000, and allowing five bushels a head for food and seed, the consumption of wheat in that region would amount to 900,000,000 bushels a year.

"ROLL YOUR OWN" FOR THE LIVELIEST OF ALL SMOKES!

Make Your Cigarettes Yourself with Famous "Bull" Durham—It's the Latest and Greatest Smoking Fad

That smart, snappy fad of "rolling your own" cigarettes with "Bull" Durham tobacco has captured the country.

Smokers everywhere and in every walk of life have taken it up, and wherever you go you see live, virile, sturdy men smoking fresh-rolled "Bull" Durham cigarettes.

"Bull" Durham is the best tobacco in the world for cigarettes. It is pure Virginia-Carolina leaf, with a mellow-sweet flavor that is distinctive and an aroma that is unique. It makes a cigarette which simply can't be equalled for thorough enjoyment.

Added to the wonderful smoking quality of "Bull" Durham, you also have the satisfaction of putting your own personality into the shaping of your cigarette. And you know that it's always fresh.

Get a 5c sack of "Bull" Durham with free package of "papers". Try "rolling your own". A little practice will give you the knack. Then you'll know why this fad is so widespread—so tremendously popular with smart smokers.

A NEW ERA HAS COME FOR NEWARK

The City Drug Store Has Taken the Agency of That Wonderful Tonic of Tonics, Tono-Nerve

All ye people who are sick and ailing, whose nerves are unstrung and whose sleep is fitful and eternally disturbed by unpleasant dreams, whose lungs are weak, there is hope and the City Drug Store holds it out to you at the very low cost of \$1.00 a large bottle in the Tonic of Tonics, Tono-Nerve.

Now don't be skeptical; it is not a patent nostrum, but a physician's prescription filled with all the care that one of the City Drug Store pharmacists would exercise were he putting it up under your doctor's orders.

You will notice results immediately on taking Tono-Nerve. Your appetite will improve and you'll feel stronger and brighter. It is the best tonic to tone up your tired unstrung nerves, to increase your appetite so that you can enjoy your meals. It makes pure blood. You will not be troubled with headaches, dizziness, restlessness, depression, trembling and nervous prostration. Tono-Nerve is nature's own reconstructive—providing iron and phosphorus in the only complete form—the greatest tonic builder in existence. The City Drug Store will refund your money if Tono-Nerve fails to help you.

SHE CAN'T "PRAISE IT TOO HIGHLY"

MRS. ELIA PRIEST TELLS DRUG-GIST EVANS ABOUT NERV-WORTH.

This entirely new local endorsement is in effect a message to women who suffer from the physical ills peculiar to their sex. As such and for other weighty reasons it merits the most careful attention.

"About a year ago I was all run down, nervous and couldn't sleep at night until two or three o'clock in the morning. Was also troubled with female weakness and can truthfully say Nerv-Worth did me more good for this trouble than any medicine I had ever tried."

"I took three bottles at this time and did not take any more until this spring have taken two bottles. Since taking it this year the headaches and pains in the back of neck have all disappeared."

"I have been recommending Nerv-Worth to different ones and CAN NOT RECOMMEND IT TOO HIGHLY."

MRS. ELIA PRIEST.
"531 E. Main St., Newark, Ohio."

Your dollar back at T. J. Evans' Drug Store if Nerv-Worth does not benefit YOU!

ROAD NOTICE.
Notice is hereby given that a Petition has been presented to the County Commissioners of Licking County, Ohio, at their office July 20th, 1916, for the location of a County Road on the following line, to-wit:

Beginning at Hartford and Homer Road through and by lands of Lewis Cline, J. H. Perry, Wm. H. Berger, S. B. Perry, Lida H. Miller, H. P. Miller, Thos. Reed, Harry and Florence Humphrey, R. J. and Howard Humphrey and M. O. Michel, to the Hartford and Appleton Road.

The Board now fixes Aug. 15th, 1916 at 10 o'clock a. m. as the date when we will view the proposed improvement. Also August 23rd, 1916 at 10 o'clock a. m. as the date for a final hearing thereon at the office of our said Board.

H. R. P. MILLER, Principal Petitioner.
Dated July 21, 1916.
H. Orr, Pres. of Board.
7-24Monal.

R. B. BROWN

PAST NATIONAL COMMANDER
G. A. R. DEAD AT HIS HOME
IN ZANESVILLE.

Deceased was Prominent in Repub-
lican Politics and Once Was
Candidate for Governor.

Zanesville, July 31.—Gen. R. B. Brown, 72, secretary of the Zanesville chamber of commerce, distinguished Civil war veteran and one of the last of the old school of newspaper men in this city, died at 3:35 o'clock, Sunday afternoon at the family home on Converse avenue. His death was due to a general breakdown in health which began some months ago.

The serious illness of General Brown for the past several weeks had in a measure prepared his friends for the news of his death, but the announcement will nevertheless come as a sad shock since they had fondly hoped that his condition might yield to care and treatment. But his weight of years bore heavily upon him in his last illness and for the past several days his decline had been rapid.

As a soldier General Brown was known throughout the length and breadth of the country and the esteem in which he was held by his comrades of '61-'65 was amply attested when in 1906 he was honored with the office of commander-in-chief of the Grand Army of the Republic, the highest office in the gift of the veterans of the war of the rebellion.

For 40 years General Brown was actively identified with the Zanes-

GENERAL R. B. BROWN.

ville Courier, as editor and later manager. He took a deep interest in all matters touching the welfare of the city and the influence of his voice and pen were strongly felt in this community. He was absolutely fearless in his expression of opinion on all public questions and was a factor to be reckoned with in any cause which he espoused.

General Brown was known throughout the state as an ardent Republican of the old school and was very active in the councils of his party. In 1912 he was honored with the nomination for governor, but was defeated by James M. Cox.

He was an enthusiast in all matters pertaining to the welfare of the old soldier, and was ever ready to make a personal sacrifice to champion their cause. The Soldiers and Sailors home at Sandusky was not improperly considered a monument to him, since he more than any other one individual, was responsible for its erection and for many years he served faithfully as a member of its board of trustees.

Three years ago General Brown became secretary of the Zanesville chamber of commerce, a position which he held at the time of his death.

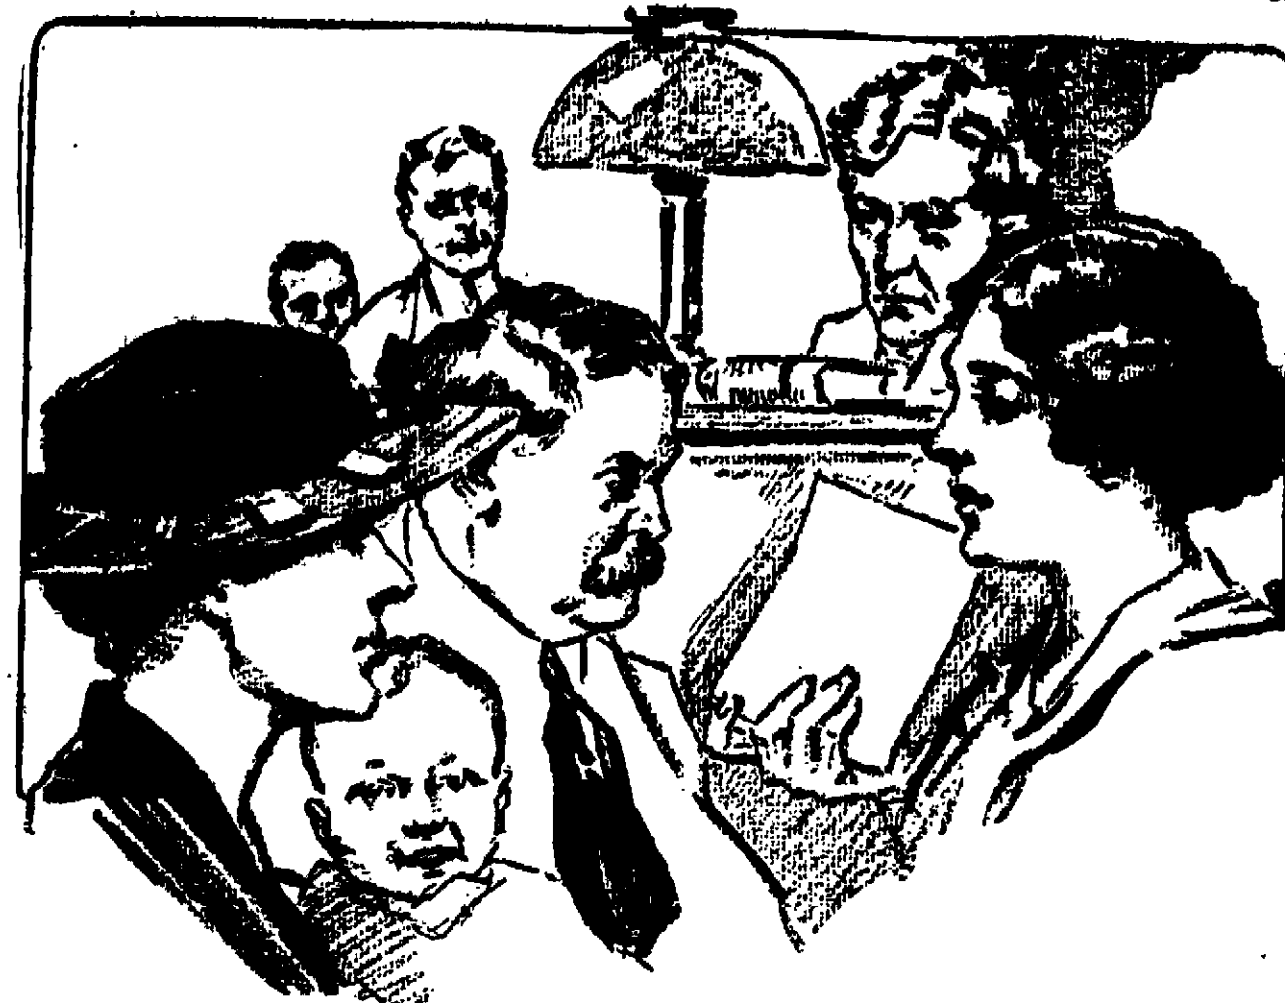

General Brown is survived by his widow, one daughter Miss Margaret, of the home, and one son, Rev. Frank Brown, of Marlow, Okla. Two brothers and two sisters are also left to mourn. They are Samuel M. Brown, of Newark; Matthew A. Brown, of Seattle; Mrs. Joseph W. Ramsey and Mrs. W. S. Spear, of New Concord.

Robert Burns Brown was a native of New Concord, where he was born October 2, 1844. His ancestry was Scotch-Irish and the strength of the Scottish sentiment was evinced in the name given him at baptism, Robert Burns. The Irish blood asserted itself when President Lincoln called for volunteers in April, 1861, and on the 17th of the month, the first day of the recruiting, he volunteered, but was rejected on account of his youth, but August 9, ensuing, he was accepted and mustered into company A, 15th Ohio Infantry, for three years. In February, 1864, he re-enlisted as a veteran, and was mustered out December 27, 1865, after a service of nearly four years and five months. He participated in all the battles and skirmishes in which his regiment was engaged, except at Nashville, at which time he was in the hospital with a wound received July 23, 1864, in front of Atlanta. November 25, 1863, upon the crest of Missionary Ridge, he captured the color bearer and the colors of the 9th Mississippi regiment, for which he was awarded a congressional medal of honor.

In March, 1866, he entered Westman's business college of Poughkeepsie, N. Y., and was graduated after a six months' course, and for the succeeding four years taught school in Minnesota. In the meantime preparing himself for the bar, but in 1873 he became city editor of the Zanesville Courier and for many years was associated with that newspaper in an editorial and managerial capacity.

Mr. Brown was an enthusiastic member of the Grand Army of the Republic and was post commander of Hazelton Post several times, and it

HAPPINESS RETURNS TO UNWED LITTLE "WAR BRIDE" WHEN JUDGE LANDIS COMPELS SPURIOUS MOTHER TO RETURN BABE

Scene in court when Judge Landis made decision. Left to right: Mrs. Matters and baby Irene, Joseph R. Burres, Mrs. Matters' attorney, Judge Landis and Margaret Ryan.

Happy once more, Margaret Ryan, unwed little "war bride," has returned to her home in Canada, taking with her her baby Irene, whose father lies dead on a French battlefield. Mrs. Dollie Ledgerwood Matters, a Chicago woman, went to a Canadian hospital last August and induced the nurse attending Miss Ryan to tell her her baby dead. Mrs. Matters returned home with the baby, claiming it was her own. Finally Margaret Landis scathingly rebuked Mrs. Matters and ordered the baby returned to its real mother.

was mainly by his untiring efforts that the Ohio Soldiers' and Sailors' Home at Sandusky was established. He was the first trustee appointed, served 12 years and resigned in 1898. At the twentieth annual encampment of the Department of the Ohio G. A. R., held at Akron in 1898, he was elected department commander and served 15 months and was a life member of the national encampment of that order.

The only public office held by Mr. Brown was the majority of New Concord, which he exercised for five months in filling the unexpired term of the elected mayor, who died, and which was given him by the village council. He was a candidate for the Republican congressional nomination in 1908.

In religion, he was an orthodox Presbyterian of the Covenanters stock, but somewhat tempered with intercourse with equally good men of other beliefs. Aside from his G. A. R. affiliations, his only fraternal connections were with the Odd Fellows, in which he was a member in both lodge and encampment branches.

RUSSIAN GENERAL GETS PRAISE OF ENGLISH WRITER

(ASSOCIATED PRESS TELEGRAM)

London, July 31.—In a summary of the work done by the Russian General Kaledines' army during the past five weeks, the Times' Lusk correspondent declares that the achievements of this segment of the Russian forces are "the most important performed by a single army since the beginning of the war."

"There is no single man," the correspondent continues, "whom the west should enshrine more prominently in the traditions of the great war than General Kaledines, who first broke the enemy's line and then crushed the German effort to regain the lost ground and restore their waning fortunes."

"This extraordinary commander, with his brilliant staff and superb troops, made possible the whole Russian offensive and its sweeping consequences."

The same correspondent, writing from Russian headquarters Saturday, says the new blow on the Stokhod is aimed straight for Kovel from a point only 21 miles away and threatens the whole German defensive plan.

SWIFT COMPANY HAS ANNOUNCED PENSION PLAN

(ASSOCIATED PRESS TELEGRAM)

Chicago, July 31.—Swift and Company announced today that it had established a pension fund for its employees with a foundation of \$2,000,000. The fund, the accumulation of six years, will benefit employees of the company throughout the country. It is stated that more than 30,000 men and women are eligible to come under its provisions.

One of its features is that employees do not contribute to it, the company furnishing all the money necessary to pay pensions in this connection the company says it expects to be called upon to pay \$400,000 a year in addition to the income from the fund, in order to meet the demands. Pensions are limited to a minimum of \$240 and a maximum of \$5,000 a year. In Chicago alone 4,000 persons will come under the plan as outlined. A pension board has been organized consisting of five members who are officers or employees of Swift and Company.

ITALIAN STEAMER HAS BEEN SUNK.

(ASSOCIATED PRESS TELEGRAM)

London, July 31, 1:20 p. m.—The Italian steamship Dandolo, of 4,977 tons gross has been sunk according to an announcement made today at Lloyd's shipping agency.

The Dandolo was formerly the Mugliano and was built at Spezia in 1906. She was 376 feet long, 48 feet beam and 28 feet deep. Venice was her home port.

QUARREL

OVER AN INFANT RESULTS IN DOUBLE MURDER IN NOBLE COUNTY.

Young Father Trying to Get Possession of His Child, Kills Wife's Relatives.

Zanesville, July 31.—Grant Ball, aged 47, a junk dealer, and his son Ira, aged 20, of East Union, Noble county, were shot and killed at ten o'clock Sunday morning by Alex Clark, aged 21, a son-in-law of Ball. Mr. Clark is now confined in the county jail at Caldwell on a charge of murder in the first degree.

The shooting, which occurred near Clark's home, a short distance beyond the village, followed a quarrel at the Ball home, when Clark and his wife's relatives became involved over the care of Clark's infant, and as a result Clark was ejected from the house. He took his wife and child home after it, it is said, he had made a fruitless attempt to borrow a gun at East Union.

Ball started to follow his son-in-law with the avowed intention of bringing his daughter and the child back home. Ira Ball followed his father in the hope of preventing trouble. Clark, armed with a shotgun, met the men at the road turning into his farm and warned them not to come any nearer. The elder Ball started forward and Clark fired. The shot missed Ball, who stopped to pick up a rock and Clark then shot him in the back of the head, killing him instantly. Young Ball started to aid his father and Clark shot him in the back. Ball lived for four hours.

After the shooting Clark was disarmed by his father and quietly submitted to arrest when the sheriff arrived on the scene.

CORRESPONDENTS' CHARGES ARE TO BE INVESTIGATED

(ASSOCIATED PRESS TELEGRAM)

El Paso, Texas, July 31.—Special correspondents attached to the various militia units in this district were made uneasy today by the news that copies of their articles to home papers dealing with treatment of the militia had been submitted to the various commanding officers for investigation.

It is learned that at the orders of the war department these officers have been instructed to get at the truth of the charges of mismanagement, incompetence and neglect made in these articles. If it is proved that the men have been in any case made to suffer hardships the blame will be fixed. But if it can be shown that there was no base for charges that caused the relatives of the guardsmen great mental anguish, then the guilty writers will shortly see themselves homeward bound.

Readers' Viewpoint

Cut Down the Weeds.
Editor of the Advocate:
A short time ago the health department published a notice in the daily press notifying property owners to cut down the obnoxious weeds growing upon their premises. It said any person paid any attention to the said notice the writer has failed to see the results.

We venture the assertion that there is not a hamlet or a village in the county where the weeds are allowed to grow in such profusion as in Newark, and they are not only a detriment to the health of the community, but an eye-sore to the travelers who are constantly going through the city in automobiles. If we were to start to enumerate the spots that are offensive to the eye and a disgrace to the surroundings, we would call attention to the "park" between the sidewalk and the

curb in the half-block between Fourth and Fifth streets, on Locust, where the ragweed and dock have gone to seed and are standing from six inches to three feet high. And that is not the only place in the city, and within two blocks of the court house that looks more like the back streets in "Sleepy Hollow" than the principal thoroughfare of a metropolitan city.

A little further out in the city there are innumerable lots, streets and alleys wholly given over to the weeds crop. One of said lots, containing almost an acre, is the property of a prominent city official and people on all four sides of it are almost sneezing their heads off from hay fever as a result of the pollen and seeds being scattered by the four winds from weeds that should be cut down and burned.

If we are not mistaken in the interpretation of the law that gives boards of health the authority to order such weeds cut down and destroyed, it also empowers them to have it done, where the property owner neglects to do it and certifies the expense to the county auditor where it is placed against the property and collected as taxes.

We would like to suggest that the hap fewer sufferers hold a mass meeting and insist in no uncertain manner that the weeds be cut down. A. Hay Fever.

MUSIC MAKERS QUARTET TO OPEN CHAUTAUQUA

Members of the Music Makers Quartet which is to appear here on the first day of the Redpath Chautauqua are L. F. Garrett, first tenor; William J. Stone, second tenor and pianist; George Curzon, baritone, and E. S. Shaw, bass. They are shown in the photograph. Mr. Stone, sitting, features southern songs during the afternoon program, and the entire quartet delight with their marimba-phone music at the evening concert.

CAPERTON NOW COMMANDER OF PACIFIC FLEET.

(ASSOCIATED PRESS TELEGRAM)

San Diego, Calif., July 31.—The flagship San Diego, of the Pacific fleet, with Admiral W. D. Caperton on board, will sail Wednesday, it was announced today, for the lower Mexican coast. The new commander-in-chief of the fleet succeeded Admiral C. M. Winslow, who retired following the latter's last Friday, although conditions along the Mexican coast are said to be more nearly normal than at any time in a year. It is understood none of the warships stationed at the various ports will be withdrawn in the near future.

Vaudeville Treat Today.

Beginning today at the Lyric theatre in South Third street, Manager Harry Eldon will offer to the lovers of vaudeville high class art that will astonish them. The act is one which Mr. Eldon has sought for many weeks. Prof. Eskie, the famous magician, and his wife, Mme. Eskie, the mind reader.

Underground supplies continually replenish Trinidad asphalt lake.

JOLIET PRISON COULD NOT HOLD NOTED CONVICT

(ASSOCIATED PRESS TELEGRAM)

Chicago, July 31.—Clyde Stratton, noted convict, and two other prisoners are at liberty today, having escaped from the Illinois penitentiary at Joliet last night, according to a telegram received by the Chicago detective bureau. It was the sixth time Stratton had broken out of some prison in a comparatively short criminal career. William A. Hart and William McGlade, the other two to escape, were serving life sentences for murder. The fact that the men were gone was not discovered until last night when the guards checked up the prisoners who have been allowed the freedom of the corridors in the cell house until 9 o'clock during the hot weather.

Stratton is the convict who escaped from the Leavenworth, Kans., prison by crawling a mile through a sewer. Four times before that he had proved the futility of prison life. This time he was serving a fourteen year sentence for the murder of a banker at Silvia, Ill.

Previous to his confinement at Leavenworth, Stratton twice escaped from the Ohio penitentiary. The manner of the escape from the jail was still a mystery early today.

TRAIN RAN INTO DAMAGED BRIDGE; ONE WAS KILLED

(ASSOCIATED PRESS TELEGRAM)

Flagstaff, Ariz., July 30.—Fifty passengers on a train which was wrecked on a branch of the Atchison, Topeka and Santa Fe railway, running between Williams, Ariz., and Grand Canyon, were brought here today in automobiles. The passengers were uninjured, but Fred Terry of Grand Canyon, Ariz., fireman on the train was killed and John Oswald of Williams, the engineer, and Wm. Havens of Grand Haven, a brakeman, were severely injured.

The accident occurred last night, thirty miles from Grand Canyon. The train was traveling slowly because of a cloudburst, but ran into a damaged bridge before the engineer could stop it. The engine and baggage car were carried into the swollen stream.

Word of the wreck was taken to Grand Canyon by a brakeman who arrived there today, after walking most of the way and riding the remainder on a mule.

POPE ADMITS HIS PEACE APPEALS ARE FAILURES.

(ASSOCIATED PRESS TELEGRAM)

Rome, via Paris, July 31.—The failure of the pope's appeals to the warring nations for peace was admitted by the pontiff in addressing a delegation of the youth of Rome, yesterday. The delegation prayed in accord with the pope's appeal to the children of the whole world to appeal to God, on the last Sunday of the second year of the struggle, to end the war.

The pope remarked that the war which was ravaging all the earth was not visible on all faces, although such carnage made an ever present call for mediation and patience. Yet, he said, adults were unable to forego the attractions of life and that was why he turned to the children who are nearest and dearest to God by their innocence and weakness.

Japan's gold holdings now amount to \$254,235,000. The bulk of this amount is kept abroad.

How Much Credit Have You?

An old proverb says, "A man hath as much credit as he hath money in his pocket." It was said before checking accounts came into existence, however.

You will have that much credit and no more, if you pay with cash as you go along. But if you want the merchants and business people to trust you in time of need, why not begin by letting them trust you now, then each month pay your bill by a check on the Franklin National Bank? In this way you will establish a real credit that will be useful in time of need. Don't wait until tomorrow. Come in and open your account TODAY, in the bank where checking accounts, large and small, are our specialty.

ESTABLISHED IN 1820

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
3, 1879.

It is never a good plan to swap
horses while crossing a stream of
water—Abraham Lincoln.

Congressman Ashbrook.

The Mansfield Shield uses argu-
ment in favor of its candidate for
Congress that may not appeal so
strongly to the voters of Licking
county as it will to Richland county.
It says:

"We respect the good qualities of
our sister, Licking county, but we
wish to say that Richland county in
comparison with our sister Licking,
will not in any wise suffer. We fail
to see a reason why the little ob-
scure village of Johnstown should
have a complete monopoly by patent
right or any other device, on con-
gressional honors.

"The trunk line city of Mansfield
is of all other cities in the group of
counties comprising this district, en-
titled to the congressman.

"The city, by reason of her com-
mercial, industrial and transporta-
tion predominance, is entitled to
have the congressman within her
gates. We have the right; we have
the man. Will we do our duty?"

"In these circumstances what is
the duty of the Richland county
Democrat at the coming primary on
Aug. 8th? Decent local pride; loyalty
to a worthy son and to Richland
county, commands us to give John
F. Kramer what he so richly de-
serves: a most emphatic endorsement
at the ballot box.

"Of all the counties in the dis-
trict, Richland county is the most
commanding. Everything else being
equal Richland county can be de-
pendent upon for the greatest Demo-
cratic majority, and she will give it
at the election, November, next. The
Richland county Democracy have al-
ways stood in a commanding posi-
tion in any district whether con-
gressional or judicial; and the reason
has been that we have almost
without exception, been a unit in
the support of any worthy son, and
have thereby had our full share of
honors in any associated group of
counties, whether great or small.

"Let us, therefore, not decline our
duty to John F. Kramer as the thing
which somebody else should do, but
let each and every one contribute to
his nomination by his vote and in-
fluence, and thereby honor Richland
county, ourselves, the state, and the
nation which he will ably serve.

The Advocate takes no exception
to the appeal to the voters of Rich-
land county to support its candidate.
The same argument, however, is just
as forcible to the voters of Licking
county to rally to the support of
Congressman Ashbrook who has
made good and proven his worth as
an honest, industrious and faithful
representative of all the people.

Representative Ashbrook has been
in Washington long enough to be
given recognition that a new mem-
ber of congress fails to receive. He
knows how to do things and he is
always on the job in the interest of
his constituency. Mr. Ashbrook's re-
election means his advancement on
important congressional committees
and advancement means that great-
er influence can be exerted in be-
half of the people of the 17th dis-
trict. The voters will show their
appreciation of Mr. Ashbrook's ser-
vices on Aug. 8.

Daily History Class—July 31.

1777—Lafayette began active service
in the American Revolutionary
army.

1880—Political outbreak in Buenos
Aires; 1,000 killed and 5,000
wounded.

1915—Dr. W. A. Croft, journalist,
traveler and author, died in Wash-
ington; born 1835. British ship
Iberian submarine while attempt-
ing to escape; two Americans
killed. Sixty-four British and two
allied merchant ships lost in the
war zone during July, with sixty-
three lives.

ASTRONOMICAL EVENTS.
Planets rise, p. m., Venus, Mercury,
Mars; a. m., Saturn, Jupiter. Late in
the evening the square of Pegasus ap-
pears north of east.

Chinese government for the use of
the Hu-kuan Railways. These bonds
were brought out in 1911, at 97.
Shortly after issue they sold up to
99; but they are now offered at 72,
with few buyers.

Apparently the Japanese are the
only Oriental people with a genius
for comprehensive organization. They
know China much better than
any Occidental nation does. The
subtle and manifold processes of
benevolent absorption that are now
going on aim, no doubt, at a pretty
extensive domination of the country.

Displacing King Coal.

(Wall Street Journal.)
King Coal is very much harassed in
his former undisputed fields. The
electrifying of steam plants, mines,
factories and even railroads is going
ahead at a steadily increasing rate,
but while coal may, unperceptibly so
far, lose some business in the do-
mestic market, export sales are in-
creasing. By-products are being
erected, and operators are looking
forward to the time when the waste-
ful and costly methods of coal trans-
portation will be done away with,
and electricity will be produced
right at the mine and be transported
cheaply and quickly to the consumer,
cooking your dinner, heating your
house, running your factory, or car-
rying you across the continent, un-
troubled from soot and cinders.

What change such a transforma-
tion may make is best demonstrated
by what it has done for the Pacific
coast, and especially for San Fran-
cisco. However, electricity had less
to do with this change than oil,
which has supplanted coal to an ex-
tent at first unthought of. All har-
bor and coastwise as well as all
trans-Pacific shipping is using oil for
fuel. Gas is made from oil, and the
residue is pressed into briquettes.
The factories use oil, and the oil
stove warms the house in the rainy
season.

The consumption of coal in San
Francisco was as follows: 1860, 77,
635 tons; 1870, 320,403 tons; 1880,
654,118 tons, and 1890, 1,018,120
tons. The highest tonnage was
reached in 1900, with close to 1,900,
000 tons. From that date on fuel oil
became a factor. In 1910 coal con-
sumption had shrunk to 535,236
tons, and to less than 400,000 tons
in 1915, although the population in-
creased.

Russia's Progress.

(New York Evening Post.)

The fall of Erzincan adds to the
poor probability of the recent
rumor that the Turks are going in
force to Austria's aid. The Russian
victory brings the Russians
80 miles of the 700-mile still to be
conquered from Erzincan, nearer
Constantinople. From now on the most
tugged regions of the Caucasus will
be behind them, and they will have
a less mountainous country to tra-
verse. Sivas is their next objective,
150 miles further on. Then will
come Angora, the first station on the
railroad to the Dardanelles; from
here they will have about 200 miles
of not too mountainous country be-
fore reaching their goal. Mean-
while, the parallel campaign along
the Black Sea must go on, because
until Angora is reached, there are
no east and west railroads, and
armies must be provisioned by water
from Batumi. Samsun, north of
Sivas, and said to be connected by a
light-gauge line with it, must be
captured in order that the troops
moving on Angora may be fed and
munitioned. The other Russo-Ar-
menian campaigns, from Mosini and
Kermanshah, which have threatened
Bagdad, may become active shortly.

It is plan that an expedition mov-
ing southward from Erzincan might
threaten Adana, on the Bagdad rail-
road, and a Mediterranean port, and
so cut European off from Asiatic
Turkey. Bagdad and Mesopotamia
would then fall like ripe plums with-
out any more fighting. Decidedly
the Turks have enough to do at
home.

Extraordinary Prosperity.
(New York World.)
Some indications of the foreign-
trade figures of the country for the
past fiscal year have before this
been given. But they are so extra-
ordinary in their magnitude that the
official summary now published
commands renewed attention.

Merchandise exports for \$4,334,-
000,000 are almost double those of
the year just before the war, and
much more than double the highest
recorded prior to 1911.

Merchandise imports of \$2,198,-
000,000 are 16 per cent higher than
the highest previous record.

The favorable balance of \$2,136,-
000,000 is just about double that of
the previous year under war condi-
tions and almost three and a half
times the highest record before the
war.

These are staggering totals. They
are conceded on every side to re-
flect an American prosperity which
is beyond all precedent. If, as Mr.
Hughes contends, this prosperity is
only temporary, it is yet more ex-
traordinary than anything of the
kind to which the Republican party
has ever claimed ownership; and if
it should only last a year longer, it
would yet have proved to be no
more temporary than the best which
was ever appealed to in the past for
carrying that party successfully
through another presidential election.

**UNITED STATES
PUBLIC HEALTH
SERVICE ASKS**

DO YOU
Think dog muzzling cruel and
then marvel at the spread of
rabies?

Carefully select your brand of
liquor and then feed your chil-
dren unpasteurized milk. Repeat the
Golden Rule and then sneeze in
somebody's face?

Go camping for your health and
then place your toilet so that it
drains into your water supply?

When Wars Are Over.
When Christ taught his disciples
to pray "Thy Kingdom come," what
did he mean? The passage refers to
that moral and spiritual kingdom
which God sets up in the hearts and
lives of those who forsake sin and
come into subjection to his gracious
rule, recognizing his Son as the

Pointed Paragraphs

Song of the returning supersub:
"Deutschland under Allies"—Wash-
ington Post.

Possibly the Hughes campaign has
infantile paralysis.—New York
World.

Another interesting feature about
the purchase of the Danish West In-
dies is that we'll have still more
room to see America first.—Indian-
apolis News.

Mr. Hughes says he expects to
have a united party behind him. But
he will also have one before him.—
Savannah News.

The British Government is not
altogether unmoved by appeals for
clemency in the case of Sir Roger
Casement. It has already made
preparations to execute him in pri-
vacy.—New York World.

It would be strange indeed if a
campaign in which Colonel Roose-
velt is expected to figure as a vote-
getter were to develop symptoms of
apathy.—Washington Star.

Brazil is considering the interned
German ships, which is a pretty
good indication that Brazil thinks
Germany is going to be beaten in
this war.—Charleston News and
Courier.

Spirit of the Press

A Wonderful County.
There are 48 states in the Ameri-
can Union but only 11 of them are
greater than Allegheny county, Pa.,
using the dollar as the measure of
greatness. That is about as concise
and pointed a way as one can state
the truth that our county transcends
in commercial importance three-
fourths of all the sovereign states.—
Pittsburgh Gazette-Times.

We Quit There Too.
Looking over the war news yester-
day we saw where the Russians were
fighting near Kostukovka, and that's
as far as we got.—Macon Telegraph.

Does He Need Help?

What has become of our old friend
Charles W. Fairbanks of Indiana,
who was nominated for Vice Presi-
dent when Mr. Hughes was nomi-
nated for President? Is he to make no
speech of acceptance and will no-
body help him prepare it?—New
York World.

Argentina's Centennial.

The Argentine Republic has been
celebrating the centennial of its in-
dependence. Americans will fully
understand the patriotic feelings
with which their South American
trends are observing this important
event. In 1912 Argentina had a popu-
lation of more than 7,000,000. She
has a sound financial system, a stable
government and a progressive
and modern people. Her cities are
beautiful and well administered. In
many ways the United States is
closely bound by ties of warm re-
gard to her South river sister, whose
good health and long life Ameri-
cans may well pride in an interna-
tional toast.—Cincinnati Times-Star.

Some Truth In This.

All the means provided for tak-
ing care of imbeciles, criminals, de-
fectives and unfortunates generally
are crowded, and there is a demand
for more room and increased main-
tenance. The people have this load
on their shoulders and they will have
to bear it. But there is another
way—a radical cure, as we see it.
It starts away down where these de-
fects and misfortunes originate. It
begins with courts and education.
As long as we pursue our present
methods of education we are going
to crowd our inmates, our asylums
and our prisons. Developing the
materialistic tendencies of a child
leads to appetite, passion, lazy habit
and shallow thinking. Until the
people realize this fact, they are go-
ing to be called upon to increase the
number and dimensions of the abodes
of the unfortunate.—Ohio State
Journal.

On a Cash Basis.

In the remote parts of China, the
silver "shoes" are still used, and
buyer and seller each carry a pair
of scales, while the purchaser chips
off with a chisel enough silver from
his "shoe" to pay his bill, which the
merchant again carefully weighs to
the fraction of a grain, to see that
he has enough. The "cash," worth
now a tenth of a Chinese cent, or a
twentieth of an American cent, has
disappeared from the coast cities,
where big copper cents have taken
their place, but they are still used in
the far interior, though even ten
years ago they were of universal
currency, and it was a common say-
ing that one took a donkey to car-
ry his cash to market and took his
purchases home in his hand. Un-
doubtedly this financial muddle will
in time be straightened out, and
even as it is, it is more a matter of
inconvenience than of actual loss to
those who "know the ropes."—The
Christian Herald.

Same Old Way.

A "Mother's Fresh Air Camp" is a
new institution. Will Mother, as
usual, do the cooking and wash the
dishes while Bob and Bessie get the
fresh air?—Louisville Courier-Journal.

Ohio Has a Few.
Three hundred thousand acres of
peanuts are under cultivation in
Texas. That state also gets well into
the first rank in the production of
peanut politicians.—Seattle Post In-
telligencer.

Quaker Quips.

(Philadelphia Record.)
Beauty is only skin deep, and
and some girls are skinnier than
others.

It's a difficult feat to stretch the
truth with breaking your word.

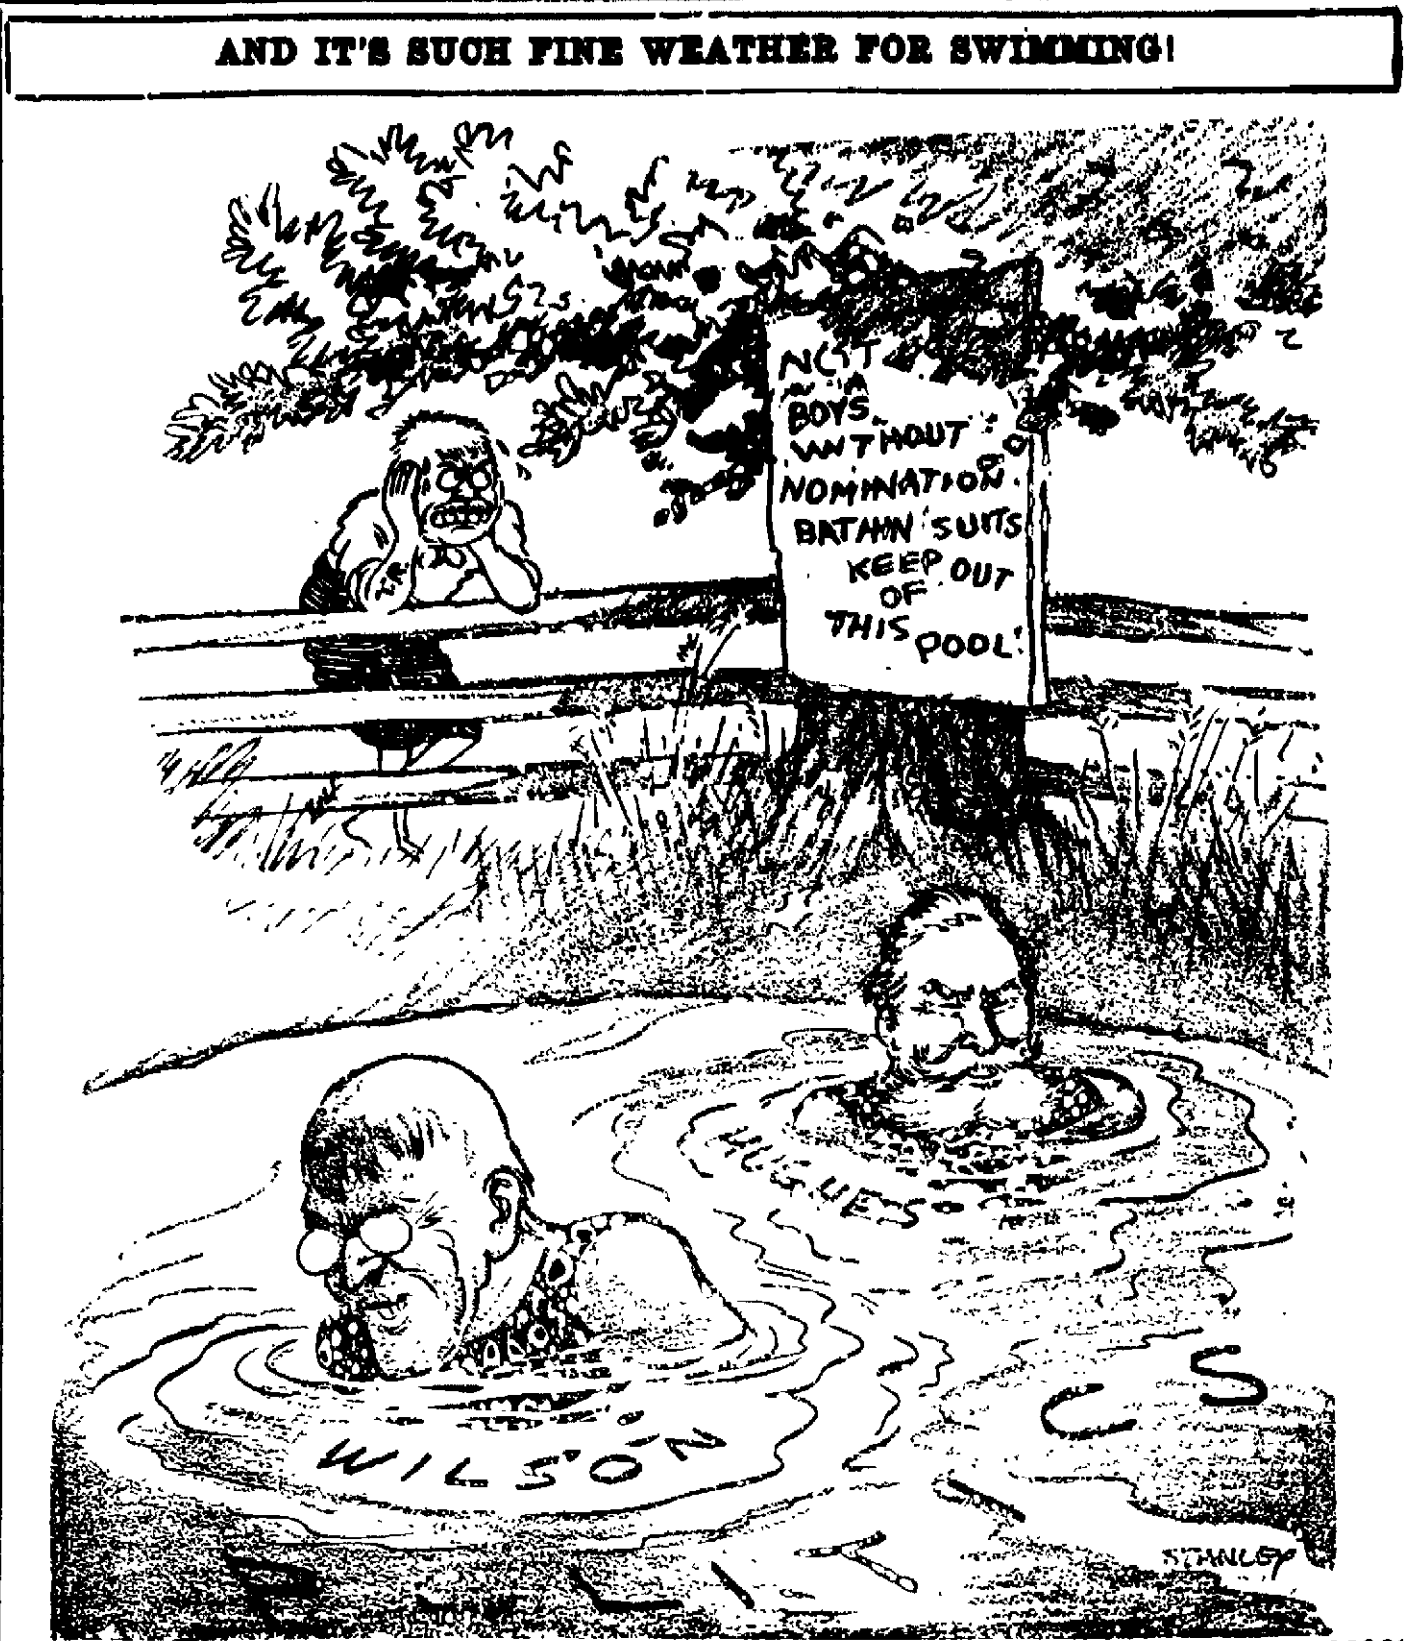

Put your best foot forward and
you won't have so many kicks com-
ing.

You never can tell. Many a man
who is his own master sighs for
emancipation.

We may merely be as young as
we feel, but unfortunately we don't
all look the part.

A family descends from father to
son, and sometimes the descent is
something fierce.

Nell—"That young fellow is pret-
ty fresh." Belle—"Yes, I take every-
thing he says with a grain of salt."

The Advocate's Melting Pot

A faithful friend is better than
gold—a medicine for misery, an on-
ly possession.—Burton.

Fact.
Economy may make you snuff.
You hate to cut expense.
But you'll have lots of dollars if
You have a little sense.
—Luke McLuke.

Now, Luke McLuke, pray tell us whence
You got advice so bunk.
You know it takes a lot of cents
To make a single plunk.

Aunt Caline Says:
The Willin' Workers m et at my
house a Saturday an' as the ushul
thing we commenced on the weather
an' jest discussed
it threadbare a-
workin' gradual
up to the point o'
dissectin' them as
wasn't there. Mis
Judge Cyclone
which she thinks
she is right smart
literary she says,
"They has been
some cases o'
heat prosperity in
Newark. I hear
indeed. I under-
stand that this
here heat pros-
perity was the
cause o' Riley's
death." "Riley?"
says Etta Pye. "I don't guess I
know him. Any kin o' ole Uncle
Pete Riley?" she says.

The Office Poet.
The buzz has still
The poet pleases
And helps him trill
Of ocean breezes.
—Birmingham Age-Herald.

And when he climbs
The office stairs
He does out rhymes
Of mountain air.
—Harrisburg Patriot.

With gladsome heart
He hands out wheezes;
But they're hot air
Just like the breezes.

Limerick Contest.
There is a nice cool limerick to
be filled out this week. To the
"poet" whose production the editor
considers best, the Advocate will re-
mit the sum of one dollar. Try it.
Limericks must reach the office be-
fore six o'clock, Friday evening,
August 4.

A Little Fun

Her Suggestion.
"I've lost my heart," he whispered.
Gazing in her lovely eyes.
"Well," the maiden answered calmly
"Why don't you advertise?"
—Boston Transcript.

Just Like Politics.
Aunt—"You'll be late for the
party, won't you, dear?"
Niece—"Oh, no, auntie. In our
set nobody goes to a party until
everybody else gets there."—Boston
Transcript.

Proof.
Editor—"Do you know how to run
a newspaper?"
Applicant—"No, sir."
Editor—"Well, I'll try you. I
guess you have had experience."—
Puck.

Easily Remedied.
He (with a sigh)—"I have only
one friend on earth—my dog."
She—"Well, if that isn't enough,
why don't you get another dog."—
Indianapolis Star.

The Limit.
"We girls had hardships when we
camped out. Only one drinking
glass among five girls."
"Horror!"
"And only one mirror."
"Good-night!"—Louisville Courier-
Journal.

Prepared.
The Plumber—"Take it from me,

Joe, them that doesn't believe in
preparedness ain't no good on earth.
By the way, you'll have to go back to
the shop for a monkey-wrench and
the soldering outfit."—Judge.

Disconcerting Candor.
Surgeon (to patient he is about to
operate on)—"Well, old chap, if I
don't see you again, here's luck!"—
Puck.

In the Primary Class.
"Interested in politics?"
"I should say I am. I'm one of
the few who took the trouble to vote
at the Presidential primary."—De-
troit Free Press.

Not the Same.
Young Hopeful—"Father, what is
a traitor in politics?"
Veteran Politician—"A traitor is a
man who leaves our party and goes
over to the other one."
Young Hopeful—"Well, then, what
is a man who leaves his party and
comes over to yours?"
Veteran Politician—"A convert,
my son."—Tit-Bits.

Mr. and Mrs. Ned Metz of Akron, who have been visiting at the home of Mr. and Mrs. J. C. Bockoven of 95 Jefferson Road and Mrs. Elizabeth K. Metz, 72 North Second street, left Sunday afternoon for Akron where Mr. Metz is employed as an accountant.

A crowd of young people took a trip to Summerland Beach Sunday, where a bathing party spent a delightful afternoon. Those in the party were Mr. and Mrs. Albert Gundlach, Mr. and Mrs. C. Edwards, Misses Effie Henson, Kathryn Schopen, Nettie Campbell, Messrs. Amos Burton and John Welier.

Hartman-Hartfield Reunion. Will be held at Moxahala Park, Zanesville, O., August 3. A good attendance is desired. Bring well filled baskets.—J. W. Hartman, President.

The West Side Bible class will meet at the home of Mrs. Edmanstane, 89 Neal ave., on Tuesday afternoon at 2 o'clock. There will be an election of officers and all the members are requested to be present.

Announcement is made of the marriage of Miss Ruth Yankovic of Wallace street and Mr. Louis Kastia of 386 Andover street, which was solemnized in Covington, Ky., Saturday, July 20. Mr. Kastia is the son of Mr. and Mrs. Louis Kastia, and is employed by the B. & O. railroad company. They will spend a few days in Cincinnati with friends and relatives before returning home.

The members of the L. C. B. A. will hold a meeting on Tuesday evening at 7:30 o'clock in the Knights of Columbus hall in West Main street.

Misses Margaret Sullivan, Helen Kelly, Meriam Kelly, Helen Tipton, Catherine Kelly, and Mesdames John P. Nolan, Frank Cohn, Edward Russell compose a house party of Steubenville people at the W. F. Elber cottage at Buckeye Lake.

Obituary

Dr. E. A. Stickle. Dr. E. A. Stickle of Kenton, O., son of G. M. Stickle of 72 Leroy street, this city, died at the Grant hospital in Columbus at 3 o'clock Sunday morning. He is survived by his wife, his father and three brothers. Dr. Stickle was reared in Newark.

The funeral services will be held at 2 o'clock Tuesday afternoon and interment will be made in the Kenton cemetery.

Mrs. Susannah Iden. Mrs. Susannah Iden, nee Kreager, was born October 14, 1840, and died July 25, 1916, aged 75 years 9 months and 11 days. She was united in marriage to Randolph Iden, June 22, 1858. Six children blessed this marriage, three daughters, all of whom preceded her to the Great Beyond, and three sons, Lester, of Upper Sandusky, John of Hopewell township, and Elmer of Newark. She also leaves one brother, Milton Kreager of Zanesville, three sisters, Mrs. Cynthia Whistler of Putnam county, Mrs. Drusilla Lescalet of South Zanesville, and Mrs. Loretta Zigler of Flint, Mich. She also leaves 17 grandchildren, and 10 great grandchildren. She united with the Baptist church at Beulah and was baptized by Elder Prichard about 1875, where she found a welcome home and resting place, especially after the death of her husband in 1902.

Bertha E. Earhart. Miss Bertha E. Earhart, aged 14, daughter of Mr. and Mrs. Charles Earhart, died at her home near Lexington, Ohio, Sunday afternoon at 4 o'clock after suffering for the past six months with tubercular trouble. The remains will be brought here at noon Tuesday and taken to Hanover in the Criss Brothers motor.

Why "Anuric" is an Insurance Against Sudden Death.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery, "Anuric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "Anuric" is the most powerful agent in dissolving uric acid, as hot water melts sugar; besides being absolutely harmless it is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sand or tubercles which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "Anuric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Ask the druggist for "Anuric" put up by Dr. Pierce, in 50-cent packages.

STRENGTH AND BEAUTY Come with Dr. Pierce's Golden Medical Discovery. This is a blood cleanser and alternative that starts the liver and sends it into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart, nerves, brain and organs of the body. The organs work smoothly like a fine tuned engine in oil. You feel clean, strong and vigorous instead of tired, weak and faded.

Dining Room on the Nielsen Private Car

While traveling the Redpath Chautauqua circuit in her private car Elysian, Miss Alice Nielsen has many of the comforts of the most modern home. Her dining room is beautifully arranged, and the service is equal to the best. Seated at the table with Miss Nielsen are William Reddick, pianist, on her right; Mrs. C. P. Stickle, her secretary, on Miss Nielsen's left; Karl Kirk-Smith, cellist, at the extreme right of the picture.

Milady's Boudoir

Restful Relaxing. How many of us hurrying, worrying mortals know what it means to relax? Try it, if you don't believe it is difficult, and when you think you are quite relaxed you will find that your arm is rigid, or that your mind is so busily thinking, it resembles a whirling kaleidoscope. To literally throw yourself into a chair or on a couch, with every muscle limp, and your mind blank, and lie there for ten minutes would do you as much good as two hours sleep. But such relaxation usually comes when one is thoroughly exhausted, and its benefits are never known as a daily habit.

Try each day to sit still and think or nothing for ten minutes. Relax every fibre of your being and give it the luxury of happiness. So tense and high strung are most of us that after a long day spent in the hubbub of shopping we wearily climb into the homeward bound train, and worry all the way about the troubles of the day. When our poor overworked brain receives no rest.

Grace of Figure in Middle Age. The modern woman of middle age strives to preserve her graceful lines and the rose bloom of her complexion quite as much as does her debutante granddaughter.

The natural tendency is for the body to gain in weight when a woman advances in years, and if you aim to retain the youthful figure of your younger days you must exercise and exercise more than you ever have before.

Superfluous flesh is apt to collect about the waist, hips and abdomen when you reach forty or thereabouts, and this always means "good-by" to grace, youth and beauty of line. The minute you notice that you are gaining weight exercise both night and morning, no matter how tired you may be.

Funeral of Mrs. Thompson. The funeral of Mrs. Charles Thompson, who died at her home in Dayton, Ohio, Friday afternoon, took place from the East Main street Methodist church in this city this afternoon at 2 o'clock. Rev. Mr. Locke, a former pastor, officiating. Interment was made in Cedar Hill cemetery.

Funeral of Mrs. Angeletti. The funeral of Mrs. Guido Angeletti, was held at St. Francis de Sales church Monday morning at 9 o'clock. The body of Mrs. Angeletti was brought to Newark from Colorado Springs, where her husband had taken her in the hope of benefiting her health. The family formerly resided in West Locust street.

Card of Thanks. We extend our sincere thanks to all those who assisted us during the sickness, death and burial of our dear mother, Susannah Iden.—Her Children.

CASE IS CONTINUED. Charles Clay, arrested Saturday on a charge of being drunk and carrying concealed weapons, was released this morning under bond in the sum of \$100. The case was continued when Clay told the court he was not ready for hearing.

Our First Railroad Train. On Aug. 28, 1830, the first American built railroad train made its initial journey. The train carried passengers in its one little car and made a trip of fourteen miles in one hour and fifteen minutes, to the utter astonishment of the "natives," who predicted all sorts of dire calamities from such speed madness. This was the beginning of the Baltimore and Ohio railroad, the oldest American road.

The lid is at one side of the top of a new tea kettle instead of at the center to lessen the danger of scalding to persons handling it.

Personal

Mary Edith Thompson of south-east of the city and Katherine Bell of Zanesville, left this morning for a lake trip and a visit in St. Marys, Ont.

Miss Fernie Barnes of Coshocton is the guest of Miss Alice Riggs for a few days.

Mr. and Mrs. Emmett Smith and Children of Columbus are visiting relatives in Newark.

Little Miss Anna Lavery of West Church street, left Thursday evening for Granville to visit her friends, Misses Mabel and Stella Drapper.

Miss Blanche Tront spent Sunday with friends in Zanesville.

Mrs. Henry Jones and daughter, Beatrice and Emma Rietke of Tenth street, spent Sunday in Hebron.

Mrs. Thomas Watson has returned to Bucyrus, Ohio, after spending the past three weeks in this city.

Harry Scott returned this morning from Chicago, where he participated in a golf tournament.

Mr. and Mrs. A. W. Tinken left last night for the Great Lakes. Mr. Tinken will return to Newark in one week, and Mr. Tinken will extend her trip to the East. Mr. Tinken is the auditor of the Ohio Light and Power company.

Mr. and Mrs. Earl W. Murphy left for Chicago yesterday.

Miss Leona Eagan left this morning for Carry, Ind., where she will visit her parents.

Mrs. C. Will and daughters, Beatrice and Margaret of Delphos, O., are visiting the former's sister, Mrs. Ray Vogelmeier of Summit street.

Mr. and Mrs. Al Heffley of Zanesville are spending a few days in Newark.

Miss Marguerite Ross of Wheeling, W. Va., who has been the guest of friends in Newark returned to her home on Saturday.

Dick Curry is spending the day in Columbus in the interest of business.

Mr. and Mrs. Edward Tyler and daughter, Esther left today for Buffalo, N. Y.

Mrs. F. L. Swanson, wife of F. L. Swanson of the Blair Motor company, will return to Cincinnati today. She has been visiting her husband at the Sherwood hotel.

Mrs. C. J. Trees, 543 Hudson avenue, accompanied by her sister, Miss Wagner, left Sunday for Cleveland where they start on the thousand island and Georgian bay. For four weeks Mrs. Trees and Miss Wagner expect to be in camp at Manitowaning, Manitowling Island, Ontario.

Edgar Norman and John Spencer started on a trip to Cleveland and Niagara Falls this afternoon.

Miss Hazel Smiles has returned from a two weeks' vacation spent in Coshocton, O., with friends.

Dr. Clark B. Hatch, family and mother, left for Sandusky on a three weeks' motor trip.

Mr. and Mrs. Reese Sperry and Son Donald, and Mrs. M. C. Sperry were guests yesterday of Mrs. M. C. Sperry's daughter, Mrs. Harry Finch of Sunbury and visited at Magnetic Springs, making the trip by automobile.

Temporary Injunction. William Gutridge has been granted a temporary injunction by Judge Robbins Hunter of the probate court in the absence from the city of the common pleas judge, against the city of Newark. Mr. Gutridge had filed a petition asking that the city be enjoined from tearing up sidewalks along his property abutting upon Peacock street. He claims that he has never been notified of the proposed improvement by the clerk of council and that if his walks do need relaying he is perfectly competent to do the work himself.

Suit Against Village. Ethel Pratt Simpson vs. the incorporated village of Johnstown is the title of a petition filed in the court of common pleas. Plaintiff seeks to enjoin the defendant from opening certain lands for road purposes. A temporary injunction has been granted by Judge Robbins Hunter of the probate court in the absence of a judge of the court of common pleas or of the appellate court.

Divorce Petition. Edith V. Valentine has filed a petition in probate court against Theodore R. Valentine. The parties were married December 16, 1915. Plaintiff alleges that defendant abandoned her July 26, and that on that date he choked her and called her vile and indecent names. Plaintiff asks for a divorce, alimony and all relief to which she may be entitled.

Marriage License. Clarence S. Varner, an electrician of Akron, Ohio, and Miss Ruth Hayman, of this city, Rev. M. R. White.

During a Thunderstorm. Do not use the telephone. The telephone wires may receive a heavy charge.

Keep away from stoves, radiators and the like. They are large metallic masses, likely to become heavily charged.

Avoid screen doors or other metallic bodies connecting with the exterior of the building.

Keep away from chimneys and open screened windows.

Out of doors the most dangerous places are under isolated trees and near fences in open fields.

Small sheds and other shelters are dangerous if isolated from larger buildings.

Thick timber is undoubtedly the safest place to seek out of doors, since a single tree in a forest is so likely to receive a stroke as a single person or an object in an open space of equal area.—Country Gentleman.

BILLIE BURKE'S NEWEST LUCILLE FROCKS ARE AS DAINTY AS FAIRIES' DREAMS

Once upon a time a fairy, who had been dancing too hard, chose a leafy nook far from the silvery rays of the moon and, resting there, fell asleep and dreamed a dream. When she awakened she laughed softly to herself and looked about for the best person to send a dream to. Deciding that Lucille, who has the imagination of a fairy when it comes to creating dresses, was the most receptive, the fairy waited the dream down to her with instructions to create this wonderful bit of thistledown for the dainty little lady who is the spirit star of the new George Kiehn motion picture novel, "Gloria's Romance."

On a foundation of misty blue cloth of silver is founded—around the bottom—what to the uninitiated might appear to be yards and yards of silvery cobweb, but what is in reality a thread of pink ribbon. Another broader band of an entirely different shade of pink ribbon heads the top of this band of lace—oh, darling Lucille, then, lest the lace should assume that all the trimming is on its own fair self, festoons of pale yellow, blackened silk roses are strung across the front, sides and back of the blue tissue. The bodice is as small and pointed as a bodice. It is made of two shades of pink satin and over all is draped a filmy cloud of gray-blue silk tulle, silver edged. Yards of it swathe the skirt, dimming, but not hiding, its bright beauty, and still other yards of it swathe the enchanting little bodice. Somewhere and somehow there is a touch of emerald green on this dress. It is in a flicker of ribbon here, a twist of it there, and a knot somewhere else. And so the fairy saw her dream real. And for there one can perceive a glimpse of the imprisoned moonlight, the blue of the shadows, and the rose of the dawn.

Another of Billie Burke's frocks is made of tau silk with a narrow hair-line stripe of darker brown. There is full, rather than a ruffle on it, which is gathered a fuller skirt. Around the very bottom in a plaited ruffling of the skirt, six inches higher up there is another and six inches again above that there is still another; and once more and again at a distance of six inches above the last, still another ruffle serves in front.

The simplicity of the waist that goes with the above skirt leaves nothing to be desired. There is a finishing collar with a ruffle on it, thin girls its scalloped length from shoulder seam to waist line in front, but negligible to go around and see what is happening behind its back. Longer, tighter, sleeves end in a ruffle over the hand and are tied at the wrist with narrow ribbon. Crochet buttons fasten the waist in the back and a white moire ribbon with an appliqued velvet rose performs the same service in front.

Mark in squares or rounds when cool. Butter, Taffy—Two cups light brown sugar, 4 tablespoons molasses, 2 tablespoons water, 2 tablespoons vinegar, 1-4 cup butter. Boil until brittle when dropped in water.

Peppermints—One and one-half cups granulated sugar, 1-4 cup boiling water, 6 drops oil (not essence) of peppermint. Stir sugar and water in granite saucepan until dissolved. Boil ten minutes after it begins to boil. Remove from fire and oil of peppermint and beat until creamy. Drop from tip of spoon on buttered paper or platter.

Every Day Etiquette "Will you please tell me which is the correct side for a gentleman to walk when going down stairs with a lady?" asked Frank.

"The gentlemen usually walk to the right of the lady, unless he can assist her or protect her by walking on the left," answered the professor.

"When a husband and wife are invited to a church wedding and a reception following at the home of the bride's aunt, how should the invitation be answered when the invited ones are unable to accept the invitation being issued in the name of the bride's parents?" asked Mrs. Maynard.

Under such circumstances one of the wife's cards should be posted to the bride's parents the day of the marriage," advised her city friend.

The Sick Sid Smith, who has been seriously ill at his home in East Main street, is reported as being improved today. Dr. W. C. Rank is the attending physician.

A Careful Woman. Mrs. Talkot—What I have just told you is a very great secret. It was told to me in the strictest confidence. I must caution you against repeating it. Miss Cautious—I shall endeavor to be just as cautious as you are.—Philadelphia Record.

Read The Advocate Waste tonight.

FOUR DOCTORS DISAGREE

Pains Disappeared After Use of Lydia E. Pinkham's Vegetable Compound.

Wilmington, Del.—"I was suffering from a terrible backache and pains in my side, with the pains running down my back. I was very nervous. I was always drowsy, never could get enough sleep, and could not eat. I had four doctors each told me something different, and I was in a bad way."

Lydia E. Pinkham's Vegetable Compound and decided to try it. I got good results and I now feel better than I have felt for years and I am gaining in weight. I can gladly recommend it to all women."—Mrs. GEORGE W. SENOLO, 1611 West 4th Street, Wilmington, Del.

Backache and bearing down pains are danger signals which every woman should heed. Remove the cause of these aches and pains by taking Lydia E. Pinkham's Vegetable Compound, that good old root and herb medicine. Thousands of women have testified to its virtues.

For forty years it has been making women strong, curing backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pain.

If you want special advice write Lydia E. Pinkham Medicine Co., confidential, Lynn, Mass.

Vacation Shoes

—A woman cannot own too many pairs of shoes when away on the summer outing. There must be footwear for all emergencies—the dance, the tramp, the outdoor sports and the afternoon tea or party or cards. And that is where our present stock fits in so nicely with her fond desire to have

SHOES FOR A BETTER VACATION

—There is no undue haste in fitting here, for we consider it all important and feature it strongly. —A shoe may look all right in the store and feel all wrong afterwards. —Our shoes must fit and continue to fit or we have an uncertain friend for the store.

Vacation Shoes Are At Their Best Here Now.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backache or Bladder Troubles—Salts Is Fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a wonderful effervescent lithia-water drink. Millions of men and women are now and then, thus eradicating kidney and bladder troubles.

LET EVERY MAN VOTE AT PRIMARY ELECTION, TUESDAY AUGUST 8

PRIMARY ELECTION IS AUG. 8

VOTERS MUST TELL PRECINCT OFFICIALS WHICH PARTY TICKET THEY VOTE.

Large List of Candidates Seek Nomination on Both Tickets for National State and County Tickets.

When August 8 rolls round, don't let heat, rain or indifference prevent you from going to the polls and exercising your right of franchise in the selection of candidates to represent your party in the November election. If you do fail to vote at the primary, be quite sure that you refrain from criticizing the choice of those who did show enough interest in their party and government to visit the polls and nominate candidates.

This year's primary ticket is one of the largest yet submitted to the voters for consideration. There has been a considerable contest on for the county offices in particular.

The Democratic ticket alone contains 63 names for national state and county offices. W. D. Fulton, of Newark, is the only local man seeking nomination on the state ticket. He is candidate for secretary of state.

Primary election day will be Tuesday, August 8. The polls will be open from 5:30 a. m. to 5:30 p. m., 12 hours in which every voter should be able to find time to visit the polls and cast his ballot.

When you enter the election booth, tell the presiding judge, or one of the clerks who has a pad of ballots before him, which ticket you wish to vote. You must express your choice. The Democratic and Republican ballots are not printed on the same sheet.

Heretofore, voters have wasted the time of precinct officials arguing this point. It is not the fault of the precinct officials that you must divulge the secret of your political party affiliations. Save your time and that of the officials by asking for a Republican or Democratic ticket.

The primary election law was given to the voters in response to a long continued agitation for relief from the alleged party bosses and the fact remains that a very small percentage of the voters take advantage of the opportunity offered to select their own candidates. There is never any real good reason why a voter should not vote at the primary. As a general rule he does not live at any great distance from the booth and particularly in primary elections, he should not need a great deal of time as he has but one ticket to mark. Take ten minutes and go to the polls Tuesday, August 8 and select your candidates.

REGISTER AT ELECTION BOARD IN CITY BLDG.

The board of elections has set aside three days in which new voters or old voters who have changed their place of residence since the last election, may be registered or transferred. These registrations must be made at the office of the board of elections in the city building, Tuesday Aug. 1, Thursday Aug. 3 and Monday Aug. 7, are registration days.

Heretofore, registration has been arranged to take place in the regular precinct voting places but a shortage of funds this year prevents this extra expense which costs \$5 per precinct besides the rental of certain rooms where some of the city precincts are located.

Announcement has been made by Clerk M. J. Reese of the board of elections, that voters may register or transfer on Tuesday Aug. 1, from 8 a. m. to 2 p. m. and from 4 to 9 p. m.; and on Thursday Aug. 3 during the same hours; and on Monday, Aug. 7 from 2 to 5 p. m. only. This last day is designed to accommodate those voters employed out of the city who were not able to reach the city in time to register on either of the other two days.

The office of the board of elections is located in the city building in Fourth street and is next door to fire headquarters.

These are the dates: Tuesday Aug. 1, 8 a. m. to 2 p. m. and 4 p. m. to 9 p. m.; Thursday Aug. 3, same hours; Monday, Aug. 7, 2 to 5 p. m. only.

CRUISERS KEEP A CLOSE WATCH ON THE DEUTSCHLAND.

(ASSOCIATED PRESS TELEGRAM) Norfolk, Va., July 31.—An allied cruiser moved in close to the three-mile limit of the Virginia Capes at daybreak today, maintaining a close watch for the German submarine merchantman Deutschland, now at Baltimore, ready to depart for Germany and for her sister ship, the Bremen, said to be due now in American waters. As soon as the foreign cruiser neared the territorial limits United States torpedo boat destroyers began following her.

Chinchillas, valuable fur-bearing animals which inhabit mountains in Chile, have been imported into England for breeding experiments on a farm.

William A. Ashbrook

Will appreciate your support at the Primary August 8th, for renomination to represent you in Congress.

ROBBINS HUNTER

Candidate for

PROBATE JUDGE

Licking County

Subject to Democratic Primaries Aug. 8, 1916

October 14, 1910—Assumed office of Probate Judge, Licking County, Ohio, under appointment by Governor Harmon.

November, 1910—Elected by people for unexpired term of Judge Brister, deceased.

November, 1912—Elected for first full term of four years and now serving on said term.

Now a candidate for Democratic nomination and asks your support upon official record.

The office of Probate Judge and Juvenile Judge has been put upon an especially high plane in many counties of the State and where the occupant has achieved such success the people have shown a disposition to reward him through a continuance in office. As evidence of this, Judge Baggett of Dayton, Addams of Cleveland, Black of Columbus, Spencer of Marion, Leaders of Cincinnati, Sloane of Sandusky, Nye of Painesville and others have served anywhere from two to four terms and they still retain their popularity and are being urged to continue in the public service.

Should the people deem it wise to continue Judge Hunter in this important office, he promises a continuance of his "Square Deal" policy for every person coming within his jurisdiction.

He will appreciate the support and influence of every one who approves of his administration of the affairs of this office.

R. L. Patton

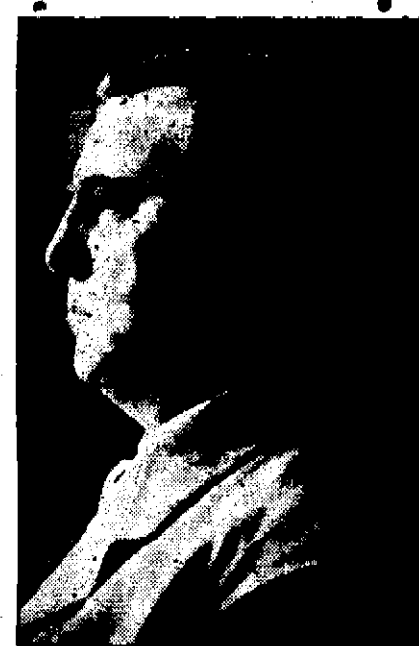

Of Johnstown

Democratic

Candidate

For County

Sheriff

After years of successful business service in Johnstown, Mr. Patton believes he can fill the office of Sheriff successfully for Licking County citizens.

M. R. LOCKE

Newton Township

Candidate for
County
Commissioner

(Three to be nominated)

AT DEMOCRATIC
PRIMARIES,

AUGUST 8, 1916

Your vote will be appreciated

WM. A. FLEMING

DEMOCRATIC CANDIDATE FOR

COUNTY RECORDER

To the Democrats of Licking County:

Gentlemen: As I am again before you as a candidate for County Recorder, a few remarks may be in order. I have been a Democrat all my life and a worker in the ranks of the party. I have never held a county office and this is the only one I shall ever seek. As to my qualifications to fill the office and as to my character, reputation, etc. I leave it all to the people who know me best. I am only accused of one "crime" and that is that I am not so young as I used to be. To this charge I plead "guilty." Now I earnestly appeal to every good Democratic voter in Licking county to "help me out."

Very respectfully,

WILLIAM A. FLEMING.

J. C. BUTT

Candidate For * * *
County Commissioner

at the Democratic Primary on August 8th, has a good record. While in his entire lifetime he has never held county office, yet he is not an unknown quantity. He has been very successful in his business affairs and is prosperous and one of the best known farmers in the western part of the county. He was a candidate for Commissioner four years ago and was only defeated by a small majority, being the fourth man in the race. He believes and feels that he should have the nomination this year. Certainly no better man than Mr. Butt could be selected for this important office. He has all of the qualifications that would make a good Commissioner. He is entitled to and should have your support. Since he announced his candidacy he has been pretty well over the county and has received very flattering support and in no place has he not been well received. He will, if nominated, make a good race and an active and clear campaign and will be elected. He is now making his final appeal to you and asking for your support and for you to do what you can for him among your friends. He pledges in return for your votes, honest and conscientious service and a willingness to safeguard the best interests of the county which are identical with your best interests because you foot the bills and pay the freight. Vote for him on August 8th, and you will be voting into office a good citizen, a splendid business man and an officer who will reflect credit not only upon your party but upon your county.

Leo T. Davis

of Newark

Democratic
Candidate

For

Clerk
of
Courts

Subject to Democratic Primaries August 8th

EDWIN M. LARASON

of Newark

Democratic
Candidate

For

Clerk of
Courts

Your Vote is Solicited for Renomination.

J. S. Clifton

Democratic Candidate for County Auditor

I have always been a resident of Etna township, a graduate of the Etna high school, completed an accounting course, experience as book-keeper and stenographer and for the last three and half years I have been engaged in the work of examining the books of county offices under A. V. Donahey, auditor of state.

My experience with the state and a knowledge of the laws pertaining to the auditor's office fit me to better serve the people of the county, and if nominated and elected I will put forth every effort to give the people of this county an economic and efficient administration.

Dr. S. S. Richards

—Of Newark—

Democratic Candidate for
County Recorder

Dr. Richards has lived in Licking County all his life; taught school and practiced medicine in this County for the past thirty years. He graduated at two different medical schools, allopathic and homeopathic.

Tuesday August 8th Will Be Primary Election Day. Be Sure To Vote

PARDON

GRANTED ESCAPED CONVICT WHO SERVED AS MARSHAL AT DANVILLE, VA.

Clemency Followed by Offer From Danville for Him to Resume the Position.

(Associated Press Telegram)
Macon, Ga., July 21.—Thomas Edgar Stripling, who for nearly four years, while an escaped convict from Georgia, served as chief of police at Danville, Va., under the name of R. E. Morris, passed through here today en route to join his family at Columbus, Ga., and announced that news of his pardon Saturday by Governor Nat E. Harris, had been followed by an offer from Danville for him to resume his position as police chief there.

The former police chief said he would rest for a short time before deciding what to do.

Stripling killed his neighbor, W. J. Cornett, in Harris county, Georgia, in 1897 and after sentence to life imprisonment, escaped. He went to Virginia and became head of the Danville police force. In 1911 he was identified and brought back to Georgia to complete his term.

B. G. SMYTHE

Candidate For

Probate Judge

I am a candidate for FIRST TERM. I never held a county office. I was born in Licking county and have all my life lived in the county. I have practiced law many years in Licking county. In short I want your vote.

Primaries, August 8, 1915

Democratic Candidate For County Commissioner

Vote For

T. B. HIRST

T. B. Hirst, one of the successful and prominent farmers of Franklin Township, is in the race for the nomination for County Commissioner on the Democratic ticket, subject to the decision of the voters at the primaries on August 8. Mr. Hirst is a native of the township and county in which he lives and has always stood high in the estimation of the public. He is eminently qualified to fill that very important office and if chosen will give his best efforts to a successful and economical administration of the county affairs.

Joseph E. Brownfield

IS A CANDIDATE FOR THE NOMINATION OF

Sheriff of Licking County

Mr. Brownfield was born and grew to manhood in Franklin township, Licking county and has lived all his life within this county. He has been active both as a business man and Democrat. He has made a market for a large share of the farm products of the southern part of the county and in his dealings he has built up a standing for integrity and honor that is the pride of his friends.

If Mr. Brownfield is nominated and elected to the office of Sheriff he promises to conduct the office in as efficient and economical manner as is consistent with good service.

6 BARNS BURN AT CAMBRIDGE; LOW PRESSURE

(Special to The Advocate)
Cambridge, July 31.—Fear was felt here last night when fire destroyed six barns, and a low water pressure was apparent. The city has been facing a low water pressure since the fire in the eastern part of the town, and spread rapidly to adjoining barns, a fear was felt for valuable property in that section.

It was controlled however, after six barns had been destroyed. The loss was about \$4700 with about half the loss covered by insurance.

Amusements

Alhambra Tonight and Tomorrow.
Dustin Farnum goes through more perils and performs more daring feats in "Davy Crockett" than in any of his previous Pallas-Paramount photoplays. A few of these feats are riding an unconquerable horse, a rescue through flames, holding a door against the assault of a pack of real wolves with only his arm as a bar against the attack and a number of other stunts. These are but some of the tasks that their heroic Pallas star performs in this very interesting screen romance coming to the Alhambra theater tonight and tomorrow.

The Auditorium.
It's a double feature program at the Auditorium today and tomorrow with souvenirs of Marguerite Snow and magazines given to all patrons who attend. The Metro feature, "Notorious Gallagher," one of the most novel five part features ever produced for the Metro program. The story is a distant novelty and it is treated in masterly manner under the direction of Mr. Nigh. There is an unusually strong supporting cast which includes Roy Applegate, Julius D. Cowles, Robert Elliott, Martin J. Faust, R. A. Bresson, David Thompson, Frank Montgomery, Victor De Linsky, Cecilia Griffiths and Florence Vincent.

Billie Burke in the ninth chapter of "Gloria's Romance" is the added attraction. And if you haven't seen Billie in this feature you better attend today or tomorrow. The star, Billie Burke, the all star supporting cast, headed by Henry Kolker, the authors Mr. and Mrs. Rupert Hughes, the producer, George Kline, "Gloria's Romance" is a literary treat of unusual merit and must be seen to be appreciated.

Post card souvenirs of Miss Snow are sure to be a magnet in drawing crowds to this house as Miss Snow is a favorite with Newark audiences.

"The Little Girl Next Door."
Few photoplays exhibited in this city have aroused more genuine enthusiasm than "The Little Girl Next Door" which plays an engagement at the Auditorium Friday and Saturday, August 4 and 5. The plot is but an incident of every day life, an incident which does not always reach the ear of the public. An innocent little schoolgirl, the pet and pride of the neighborhood, whose guileless attitude toward the world is her potent enemy, is the center of the story. Her elopement, followed by her abduction by the agents of the white slavers leads the spell bound audience through a series of thrilling incidents that are almost unbelievable.

Finally through the interest of a neighbor, a friend of the little girl next door, the matter of the lawlessness of the agents of the white slavers is brought to the attention of Governor Dunne of Illinois, who appoints a vice commission to investigate the segregated districts. The result of their search is which bares the souls of these unfortunate girls forced to lead a life of shame.

The play deals with facts, cold and stark, the red-tape workings of the ward politician, the splendid character of the district attorney, a charming love story running through the sordid play, which teaches a strong lesson of plain, every day morality. Prices for this feature will be 25c to all, with no one under 16 admitted.

County
Recorder

I stand for human uplift; a fair chance and square deal for every home; for devotion to duty; equal opportunity for all; efficiency and economy of office holders. Your support is solicited and greatly appreciated. Go to the primary August 8 and vote for Albert Warner.

Thank You

Austin Orr

Resident of Franklin Township

Democratic
Candidate

For

Representative

Was a candidate two years ago and missed being nominated by only a few votes.

T. H. RANDALL

Of Kirkersville

Democratic Candidate
for

County
Commissioner

Two years ago I came within 71 votes of being nominated, being the highest man in the county precincts. I am a farmer and appreciate the needs of the county. I have served four times as township treasurer of Harrison, a Republican township. I solicit your support at the coming primary.

T. H. RANDALL.

ATTACKS

ARE MADE BY FRENCH AND BRITISH SOLDIERS IN SWeltering HEAT.

Light Becomes Better as Heat Grows Tropical Allowing Better Marksmanship.

(ASSOCIATED PRESS TELEGRAM)
With the British Army in the field July 30, via London, July 31, 4:45 a. m.—French and British soldiers made today's attack in sweltering mid-summer heat. The first real hot wave of the season struck northern France last night and this morning, and French infantry co-operated in an action north of the Somme, in front of Guillemont and Maurepas.

For the last few days the word on everybody's tongue has been visibility, which has come into universal use since Admiral Jellicoe's first fleet dispatch. Formerly artillerymen spoke of "good" and "bad" light. Persistent "bad light" or low visibility, which did not permit the gunners to register their targets, had delayed any important infantry action. Yesterday the light became better as the heat grew tropical and offensive operations were renewed.

Every day the Germans have been increasing the number of guns and men in the Guillemont sector, which is among the last portions of high ground they hold.

Perspiration made white water courses in the dust of the men's faces today and their eyes looked out through masks so thick that their faces seemed to be covered with some kind of armor. Motor trucks passed like phantoms in thick clouds on the road. Gunners, stripped to their skin, kept on serving their guns at top speed. Breathing came hard in the mixture of dust and shellsmoke.

SECOND RAID ON ENGLISH COAST WITHIN WEEK

(ASSOCIATED PRESS TELEGRAM)
London, July 31, 12:40 p. m.—The second raid within a week on the coast of England by a German airship was made this morning. An official statement announcing the raid, said the airship was engaged by a British aeroplane.

The official statement follows: "At 5:15 o'clock this morning one of our aeroplanes pursued and attacked a Zeppelin 30 miles off the east coast. The pilot had fired more than two trays of ammunition into the Zeppelin when he was temporarily incapacitated by a portion of his machine gun flying off and stunning him. The Zeppelin was nowhere to be seen when the pilot regained consciousness. He was therefore forced to return to his station."

25 Years Ago

(From Advocate, July 31, 1891)
On Thursday one of the greatest family reunions ever held in this section of the country will be held in the beautiful grove, at Glenford, Perry county. On this occasion the Orr family, of whom there are hundreds, will come together for the purpose of binding more closely together the family ties.

Mr. and Mrs. Frank Agnew were tendered a happy surprise party last evening by their friends of the Society of Christian Endeavor of the M. E. church in commemoration of the approaching birthday of Mrs. Agnew.

15 YEARS AGO TODAY.

(From Advocate, July 31, 1901)
Mr. Arthur Banton will leave for Cincinnati tonight where he will test for a few days the large engine which is to be placed at the Everett glass factory which will turnish light for the glass workers.

Mrs. B. G. Smythe and daughter, Lora, Mrs. Dwight Smythe of Homer, Mrs. Sattie Seymour and husband, Fred Seymour and daughter, Sara, left this morning for Mountain Lake Park, Md., where they expect to spend several weeks.

The World War a Year Ago Today—July 30.

Pope Benedict issued a letter appealing to all belligerent nations for peace.

The evacuation of Warsaw continued, with the Germans and Austrians pressing rapidly toward the city.

More Austrian trenches on the Carso plateau fell to the Italians. British believed that Bulgaria had definitely thrown in her lot with Germany and Austria.

SENATE TO TAKE UP CHILD LABOR DURING THE WEEK.

Washington, July 31.—The senate will take up the child labor bill this week and under spur of a demand by President Wilson pass it before adjournment despite stiff opposition by southern Democrats. Defeat for the measure will be sought in efforts to attach as a rider the immigration bill, which with its literacy test, it is believed, might draw a presidential veto.

The main fight on the bill has come from cotton manufacturers in the south and from the national association of manufacturers.

Frank B. Dudgeon

Democratic Candidate for

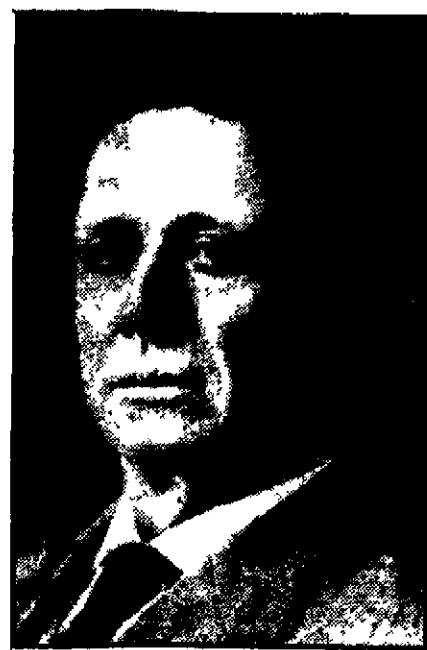

COUNTY RECORDER

I come before the voters of Licking county seeking your vote and support for County Recorder. If nominated I will make the campaign with all the vigor I possess and if elected I will perform the duties of the office with the assistance of competent and deserving clerks and pledge to the people courteous treatment and a full measure dollar's worth of service for each dollar expended in the office.

George Garlinghouse

Democratic Candidate For County Commissioner

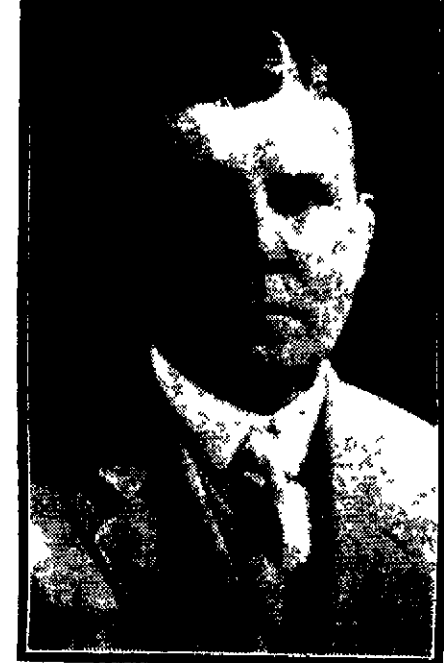

Has served six terms as trustee of Monroe township, being elected for last term with the largest majority on ticket. Was appointed inspector of Johnstown pike, a \$28,000 job by the commissioners. Has been employed for the last 14 years by the Johnstown Horse Co., where he has given the best of satisfaction.

Michael Sachs

Republican Candidate for

Clerk Of Courts

Everybody knows him. Thirty years of business and office experience and a capable man for the office.

Vote For Joseph W. Horner

Republican Candidate For Prosecuting Attorney Second Term

"One Good Term Deserves Another"

EUGENE MOORE Attorney at Law Democratic Candidate For Probate Judge

Has practiced law for sixteen years. Is a resident of Pataskala. Served on the Licking county Democratic executive committee, mayor of Pataskala seven years and at present a justice of the peace. Born and raised on a farm. Taught school nine years. Motto, "A square deal to every man, woman and child." A man can be known only by and through the people who know him. We are willing to stand back of the investigation, after that your support is solicited.

VOTE FOR EUGENE MOORE

James J. Hill For Representative

To the Democrats of Good Old Licking County.—

As you are aware I am a Democratic candidate for the office of Representative of Licking county, it will be impossible for me to see you all before nomination day, for which I am very sorry, but I will appreciate your vote.

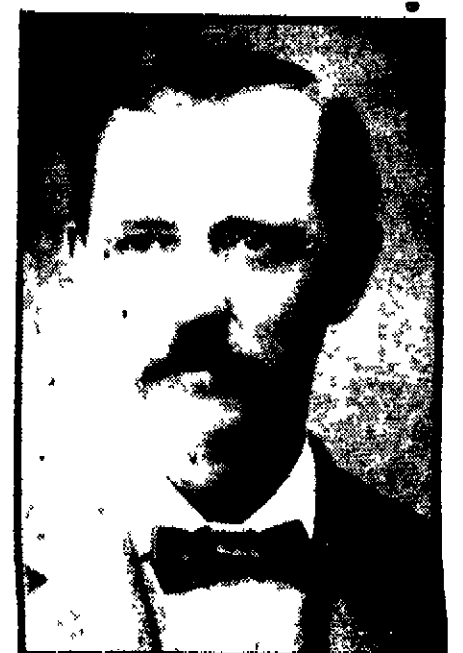

You know that I am a Democrat, and if nominated and elected, I will assure you that I will not freeze to my seat, and do nothing but draw my salary, but I will be standing up and trying to do something for the people who send me there.

I think I am entitled to the nomination, and should have had it without opposition, but I am willing that the people shall say who can and will do them the most good, if nominated and elected.

With best wishes to one and all, I am as ever,

Yours very truly,

JAMES J. HILL.

Harold Hartshorn

Candidate for

Clerk of Courts

Subject to Republican Primary AUGUST 8

Solicits your vote, standing on his record of fair and courteous treatment to all, backed with five years' business experience.

Thomas E. Adams

REPUBLICAN CANDIDATE FOR COUNTY TREASURER

First time I have asked for a county office. I am 47 years of age. Educated in Licking county. Present member of the Newark City Council.

George L. Starrett Republican Candidate

—for—

Clerk of Courts

Subject to Republican Primary, August 8.
George L. Starrett is everybody's friend. If you don't know him ask those who do.

J. V. HILLIARD

Is a Candidate on the Democratic Ticket for

Prosecuting Attorney Of Licking County

He is one of the best known, and one of the able lawyers in the county. He has made a record at the bar that has established his fame as an attorney of ability, fearlessness, and integrity. It is well known that the duties of the office of Prosecuting Attorney demand a man of rare qualities to perform them. The man who holds the office in question must be a man of broad mind, have a first knowledge of the criminal law, must be experienced in the procedure of the courts and beyond all he must be a man who is at all times prepared to give the same kind of show to the poor man as to the rich man. All of these qualities has Mr. Hilliard to a marked degree.

So that there can be no doubt as to the competency of Mr. Hilliard for the office. The primaries will be held August 8, 1916. Mr. Hilliard was born in Wyandot county, Ohio, and like thousands of our men, spent his boyhood days on a farm. He received his first education in the district school of Fairfield county, Ohio, and in that locality and under that early tuition secured his first inspiration for higher education. He is a man of profound learning. He graduated from the Reynoldsburg Academy in the classical course and finished his education in the Ohio Wesleyan University, Delaware county.

During his college days Mr. Hilliard taught school as a means of paying for his education and later became superintendent of schools. He was appointed county school examiner by Judge Grauer. He studied law from 1892 to 1895. He was admitted to the bar, began to practice law. He has been highly successful as a lawyer in Licking county.

His father was a Democrat and lawyer, and stumped the State of New York for James Buchanan, who was elected President of the United States. His mother's father, John McGuffey, was also a Democrat and lived in Fairfield county, Ohio. Altogether Mr. Hilliard is a candidate that will attract all thinking and honest voters toward him.

Charles C. Bricker

Of Harrison Township

Republican Candidate

For

COUNTY RECORDER

Your support is solicited at the

PRIMARY ELECTION AUGUST 8.

Mr. Bricker is thoroughly capable of filling the office and assures you of earnest duty if elected.

Horlicks

FITZSIMMONS KEEP LEAD IN THE C. C. RACE

BY WINNING FROM MENDELSEN IN DAY RACE, FITZSIMMONS IS KEPT IN 2ND PLACE.

Orndorff Was Wild, Allowing a Half Dozen Passes But Kept Hits Seated—Nutter Hits Well.

Defeating the Mendels of Columbus by a score of 4 to 1, while Lancaster was dividing honors in a double header at Lancaster, Newark's Fitzsimmons team yesterday retained its hold on first place in the Capital City League. Two errors, both of which were costly, had much to do with the one sided score, though Orndorff's mastery of the situation at all stages of the game was directly responsible for the victory. Nutter, who was the batting hero of the game, though Mauger was running him a close second. The outfielder registered three safeties and the shortstop two. The weather was hot but the fans enjoyed the play so much that the heat was not noticed. Bone-Hayes comes Sunday for a game with the Fitzsimmons boys at Warden Park. Mendels... 1000000000-1 Two Base Hit—Judge, Merchant. Struck Out—By Orndorff, 10. Daving, 4. Bases on Balls—Off Orndorff, 6. off Daving, 4. Steffen, Hites—Winters, Judge. Hit by Bites—By Daving, 4. Passed Balls—May. Double Play—By Judge and Lamb. Umpires—Schuler and Harrison.

Verrill and Nixon Win 100-Mile Race For Relay Teams

Toledo, July 21.—"Crazy Horse" Verrill and Fred Nixon, both riding Indians, won the 100-mile relay motor-race here yesterday in the most exciting auto race of the Interstate Racing Association. Shaefer of Toledo, riding in Division, and Fritz Myers of Leggett, Ind., were the only Indians to finish. Verrill and Nixon, who were headed by a crowd of 2,000, won the race in 2 hours, 5 minutes and 27 seconds. Morrison was the winner of the first five-mile qualifying heat in 5 minutes and 24 seconds. Verrill was second and Morris third. Jones won the second five-mile qualifying heat. Matthews, second and Marks third. Time, 5 minutes, 55 seconds. Morrison was the winner of the five-mile final race in 6 minutes and 2 seconds. Verrill was second and Marks third.

LAKE ERIE RACE MEET OPENS AT ROCKPORT TODAY

Cleveland, July 21.—The Lake Erie trotting association opens its second meeting at the season at the Rockport half mile track today. Racing will continue for five days. A grand array of talent has been brought together on the half-mile tracks through Ohio this season. The \$100 stake in the star attraction. Probably eight horses will start in this race, including Max Jay, who was beaten by Willie Brown in the \$100 stake at the Rockport track last week. The race will be run at 2:25 p. m. and the 2:25 race will be the 2:25 and the 2:25 race.

KALAMAZOO HAS GRAND CIRCUIT BOYS THIS WEEK

Kalamazoo, Mich., July 21.—With three events on the card, chief of which was the \$100 stake in the \$100 stake, the Kalamazoo Grand Circuit boys' race meeting opened here today. Eighteen horses were entered in the head race, among them being Mable Frisk, at a \$100 stake in the \$100 stake. The race will be run at 2:25 p. m. and the 2:25 race will be the 2:25 and the 2:25 race.

TRAP SHOOTER IS HURT WHEN PISTOL IS DISCHARGED

Dover, Del., July 21.—Alden B. Richardson, Delaware, a former United States Senator, was seriously wounded at his home here last night by the discharge of a pistol. Richardson was examining a .38 Smith & Wesson revolver, which he was examining. The bullet lodged in his abdomen and fractured the intestines in eight places.

CAPITAL CITY LEAGUE NOTES

It's pretty soft for those teams scheduled to play the New Methods. For the last three Sundays this team has forfeited its games because of non-appearance of the team. Some arrangement should be made by which another team can be substituted for the New Methods as it is fair to other teams in the circuit which play every scheduled game. New Methods team has failed to win a game this season and the players probably are discouraged by their record. Linke pitched the Bone-Hayes team to a 9 to 5 victory yesterday over the Hewitts. Cronin, of the Hewitts got a single and two home runs but still his team was unable to win. Lancaster uncovered a new pitcher yesterday named Vanatta. He allowed the Schullmans but three hits and Lancaster won the first game. Lancaster used Pitter, Adams in the second contest and lost, the Schullmans getting nine hits. In this game, Miller for the Schullmans allowed but four hits.

Newark called upon Columbus for assistance yesterday, pitcher Purcell at second base. He assisted by scoring a run and a hit. Winters was in his old place in right field.

CARPENTER WAS NERVOUS BEFORE MONSTER CROWD.

The Pittsburgh Dispatch sport man, writing from New York regarding the double header Saturday, has the following comment on the work of Pittsburgh's Carpenter, secured from the Ohio State League and who last season played with the C. C. team now the Fitzsimmons, of the Capital City League. Carpenter made his first appearance on the mound this season for the Pirates in the second game and he was giving a rousing reception by the fans. The rookie twirler was found for three hits in the eighth inning after which he relieved Kautler, but sharp hitting enabled McGraw's men to score only one run. Carpenter was noticeably nervous and there was no reason why he should not have been as he was exhibiting his curves before one of the largest crowds of the season.

HEISEY UNABLE TO WIN THOUGH TEAM HIT WELL

The Heisey Diamond H team was defeated by the Utica boys by a score of 8 to 4 in spite of the fact that Utica contributed five errors with the eleven hits earned by the glassworkers. Home runs by Nutter and Budd featured the game. The score: Heisey D. H. AB R H PO A E. Budd, 2b, 4 1 1 0 0 0. Nutter, 1b, 4 1 1 0 0 0. Sherrard, 3b, 4 1 1 0 0 0. Carson, 3b, 4 1 1 0 0 0. Daugherty, 4b, 4 1 1 0 0 0. McCluskey, 5b, 4 1 1 0 0 0. Gilbert, 6b, 4 1 1 0 0 0. Mossman, 7b, 4 1 1 0 0 0. Totals, 33 4 11 27 9 1.

Receives, ss, 4 1 1 0 0 0. U. Peirce, c, 4 1 1 0 0 0. Snook, 1b, 4 1 1 0 0 0. Thompson, 2b, 4 1 1 0 0 0. Jacobs, cf, 4 1 1 0 0 0. E. Peirce, 3b, 4 1 1 0 0 0. Scout, if, 4 1 1 0 0 0. Catt, rf, 4 1 1 0 0 0. Smoots, p, 4 1 1 0 0 0. Totals, 30 8 25 7 5. Two-base Hits—Toothman, Thompson. Sacrifice Hits—Carson, Jacobs. Home Runs—Nutter, Budd. Bases on Balls—Off Smoots, 2. Struck Out—By Mossman, 10; by Smoots, 8. Stolen Bases—Sherrard, Thompson. Umpire—Good.

NEWARK BOYS WILL TAKE AN OCEAN TRIP

Nelson Metz, the well known East Newark crooner, and Paul Collins, of the Collins haberdashery store in South Third street, left Saturday evening for Norfolk, Va., where they will be the guests of Lieut. Stanley Tracht for a couple of days and will inspect a number of Uncle Sam's fighting machines and the sea coast defense.

The Newark boys have been invited to take an aeroplane flight over the ocean but Mr. Collins states that he is a little stout for that sort of exercise. Mr. Metz expects to take the trip and before leaving Newark took out a heavy life insurance policy.

The two young men will leave Newark tomorrow for an ocean voyage to New York and will also visit at Baltimore, Philadelphia and Atlantic City. They will return in about two weeks via Albany, taking a trip down the Hudson river from New York to Albany and from there will go to Niagara Falls for a day, leaving Buffalo for Cleveland on one of the big lake steamers.

"BOY'S MAN" COMING ON FOURTH DAY

DR. JAMES S. KIRTLLEY.

"In the Barefoot Kingdom" is the subject of Dr. Kirtley's lecture on the fourth afternoon of the Chautauqua. He has a method of dealing with young people entirely different from plans usually advocated.

ACT QUICKLY

Delay Has Been Dangerous in Newark.

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Newark evidence of their worth. J. R. Kellenberger, carpenter, 18 Western avenue, Newark, says: "Kidney trouble and inflammation of the bladder caused me a lot of misery for several years. In the winter the kidney action was too frequent and I had to arise often at night, to pass the kidney secretions. While at work I was annoyed by pains around my loins, especially if I lifted. Doan's Kidney Pills, procured at Collin's Drug Store, regulated the passages of the kidney secretions and strengthened my back."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kellenberger had. Foster-Milburn Co., Props., Buffalo, N. Y.

MAYOR HELPED

Mr. Bay Had Catarrh for Years. Tanlac Helped Him Greatly.

Hon. D. N. Bay, Granville, says: "I had catarrh for years and could get no relief until I took Tanlac and Tanlac helped me greatly, and did it so quickly. I also was miserable with the weakness that follows in the wake of a gripe and that, too, was knocked out by Tanlac."

Tanlac is demonstrated at Hall's Drug Store and is for sale at Utica by F. H. Richardson, Catskills by J. R. Stine, Granville by W. P. Ullman, Johnston by C. S. Howard, Croton by J. W. Haines, Hebron by Hebron Drug Store, Centerburg by E. B. Walter and Alexandria by C. M. Gilmore.

An Early Airship. We are told by Peter Farley, who wrote as an eyewitness, that in August, 1853, the airship Eagle was officially advertised to sail from London with government dispatches and passengers for Paris and to establish direct communication between the capitals of Europe. This early type of airship was 100 feet long, fifty feet high and forty feet wide, and she lay in the dockyard of the Aeronautical society in Victoria road, near Kensington gardens, then quite a rural spot. Built to hold an abundant supply of gas, she was covered with oiled laws and carried a frame seventy-five feet long and seven feet high, with a cabin secured by ropes to the balloon. An immense rudder and wings or fins on each side for purposes of propulsion completed her fittings. The deck was guarded by netting. After all this preparation and advertisement the Eagle never got beyond Victoria road, for Count Lennox and his assistants failed to provide the necessary motive power. — London Standard.

A Peruvian River of Horror. There is a river of mystery and horror in Peru, and the legends of rich rubber regions and untold wealth in gold are accompanied by tales of those who went up it never to return. Calmer Watkins, a naturalist, who has traveled extensively in South America, tells of the stream:

"This river," he said, is the Colorado river, the richest river in Peru. Great groves of rubber trees lie along its course, and gold has been found in it. But the Mascos, a tribe of cannibals, infest it. They still practice cannibalism and will kill a man on sight. Expeditions have been fitted out and been heavily armed to go exploring for rubber and gold, but none of them ever has returned. The savages have killed the men and eaten them and turned the canoes adrift. They have come down the river empty, bottoms up, or filled with supplies which the savages did not care to remove."—New York Post.

Fish That Sing. There is a fish called the buttermilk, which is found off the Scottish coast. This fish, which is fat and comfortable looking, about a foot long as a rule, makes a distinct hooting noise from the back of his throat when landed in a net or caught on a long line. A netful of these fish, though they are rather rare, is sometimes caught, and when they are hauled in the chorus of sharp, siren-like hoots is very startling to a stranger.

But in Ceylon there is a shellfish, a kind of mussel, which positively sings. In still weather when the water has ebbed away from the mussel beds, for a few hours these shellfish can be heard producing a long, low, flutey sound. How they do it no one knows, but they make a quite distinct attempt at singing, and as they have no throats they must produce the sound by some manipulation of their double shells.—London Globe.

Wasted Motions. Our life is peppered with motions that fly wide and wild. It begins on awaking. We stretch our arms—waste motion! We ought to utilize that gesture for polishing our shoes. We rub our eyes—more foolishness. We should rub our eyes on Sunday for the rest of the week.

But it is in processes like shaving that scientific management is really needed. Men flatter themselves that they shave with the minimum of gesture. They believe that they complete the operation under five minutes. But, excusing their inaccuracy, do they know that under the inspection of the scientific manager their performance would look as jagged as their razor blade under the microscope? The day will probably arrive when a superman will shave with one superb motion as delightful to the soul as the unclogging of an orange skin in one long unbroken peel.—New Republic.

Sheep's Two Perquisites. The sheep is a chunk of misguided animation which is afflicted with a perpetual cold in the head and has the appearance of always needing its nose wiped, but it has the distinction of being the only animal, man not excepted, which can afford to wear strictly all wool clothing the year round.

Probably the greatest accomplishment of the sheep is getting itself lost in a snowstorm, at which it is such a success that a number of famous painters have put in a lot of time painting pictures of sheep working at this.—Farm and Fireside.

All False. Mr. Grimes (with great indignation)—I've finished with that fellow Skinner, absolutely finished with him. He's a bad one. He has a lying tongue in his head. Mrs. Grimes (sympathetically)—Dear me! And only yesterday his wife told me that he had false teeth.—London Tit-Bits.

Speech and Writing. "Many people talk much more agreeably than they write," said the literary person.

Nothing New. Wife—Don't you like my new hat, dearest? Husband—Yes, it's all right. Wife—Well, I bought it on your account, dear. Husband—Yes, you usually do!

How She Managed. Mabel—If your grandma has lost all her teeth how does she eat? Willie—I heard pa say she had a biting tongue.—Boston Transcript.

By the faithful plying of the shuttle of daily duty we weave white raincoat for the soul.—Stafford.

The Brazil nut tree does not begin to bear until it is 50 years old.

For the first time in the history of cigarettes you are offered, in Chesterfields, a cigarette that satisfies—and yet is mild!

Chesterfield CIGARETTES

They SATISFY!
—and yet they're MILD.

The Turkish Tobacco in Chesterfields are the finest quality from the most famous Turkish tobacco districts—SMYRNA for its sweetness; NANTHI for its fragrance; SAM-SOUN for its richness; CAVALIA for its aroma.

Newark's Redpath Chautauqua

Opens Tuesday Afternoon

GET IN ON THE GROUND FLOOR

By Hearing the

MUSIC MAKERS QUARTET.

and

DR. WILLIAM A. COLLEDGE

The Music Makers, in a vocal and instrumental program, are to feature the MARIMBAPHONE. It's great! Afternoon and evening.

Dr. Colledge, traveler, educator and lecturer, who spent three years with Henry M. Stanley in Africa, is to lecture in the evening.

Start attending the Chautauqua Tuesday and don't miss a single session. The best route is via Season Ticket: Adults \$2.00; Children \$1.00, if bought before the opening day.

The Law of Life

informs us that man's accumulating and saving period is from the age of 30 to 50. Habits of economy or extravagance are being formed between 20 and 30 years.

The basis of future property or fortune is being laid between the 30 to 40 period. 97% of men meet with reverses between 40 and 50 while at 60 years 95% are dependent upon their children or charity because they have made no provision for the future. The economical and save your spare dollars in The Gold Club which enables one to lay aside a fixed amount each week.

Moose gala night Wednesday, Aug. 2, 10 p. m. to be initiated under direction of Bro. George H. Hamilton. After lodge the entertainment committee will serve ice cream, cake, lemonade and cigars. Don't fail to attend. 81-2t

Leaves for Texas.

Leo Bader of West Locust street, who is associated with his brother, Max Bader in the Bader Chair company, East Main street, left this afternoon for Texas. Mr. Bader will visit a number of cities in that state and expects to spend the winter there. He was formerly located in Texas.

Picnic at Lake.

The Ladies' Auxiliary to the B. of R. T. will hold a picnic at Buckeye Lake, Thursday, August 3.

W. C. T. U. Meeting.

The W. C. T. U. will hold its meeting as usual in the parlors of the First Presbyterian church on Tuesday afternoon August 11. Sisters please come out and help us. Subject will be "Temperance and Labor."

Ashbrook Here for Week.

Representative Ashbrook of Johnstown has come home to spend the last week before the primaries in traveling over his district. Very few Ohio members of congress will be in Washington this week. Nearly all will be out in their districts.

Bond Over to Court.

William Kliver, charged with pocket picking, was bound over to court under bond in the sum of \$100. He was charged with taking a watch from O. G. Claggett. The police recovered the watch.

Different This Summer.

A year ago the past week the temperature was in the sixties, far below normal, and the last six days in July last year saw rain every day, the rainfall for the month being seven inches. It has hardly been one-sixth of that this month.

Plenty of Ice.

There will be no ice shortage in Newark this summer, according to local dealers. The Newark Ice and Cold Storage company and the Consumers' Brewing company have plants that are adequate to supply the demand for all ice that will be needed in the city. They could sell hundreds of car loads but of course will take care of their local customers first, before shipping ice out of the city.

To Have Home-Coming.

The city of Bellefontaine is going to have a home-coming August 14-16. It will be held under the auspices of the Chamber of Commerce. A number of Bellefontaine people reside in this county.

Out of Danger.

Charles O. Burke, state liquor license inspector, who has been seriously ill at the Newark Sanitarium, suffering with an attack of acute peritonitis, is much better today and is reported out of danger by his physicians, Dr. C. F. Legge and J. G. Shiner.

Opens Chicago Office.

Dr. Eugene Wells of this city, son of Col. and Mrs. W. C. Wells, who recently graduated from a college of osteopathy, has gone to Chicago where he has taken charge of an office fully equipped and with several assistants in attendance. The office is in the principal business district of the city and its former owner was compelled to leave his practice to go with his regiment to the Mexican border.

Report Scarcity.

Fish dealers along the great lakes report a scarcity of fish this season. There is a shortage of perch, pike and yellow perch. Fishermen dealers state that they have never experienced such a shortage in the past twenty years.

Improved in Health.

Mr. and Mrs. Charles Stoltz have returned from a visit at Sulphur Lake Springs in Ross county, where Mr. Stoltz has been for the benefit of his health. He is greatly improved.

Motored Home.

Mr. and Mrs. C. E. Thomson returned to their home at Troy, O., today after a pleasant visit at the home of the latter's parents, Dr. and Mrs. W. H. Sedgwick in Hudson avenue. They were accompanied home by Mrs. Trevor Davies, who will be their guest for a week. The trip was made in the Thomson auto.

Will Appoint Delegates.

At the meeting of the local lodge of Elks tomorrow evening, seven delegates will be appointed by Exalted Ruler Walter Daugherty, for the state convention to be held at Cedar Point, Aug. 21-23. Assistant Court Stenographer James R. Cooper is one of the state officers, being Grand Worthy Inner Guard. Harry D. Hale is a special aide to the state president.

Business District Threatened.

Postoria suffered quite a fire Saturday when the Postoria Transfer company building burned to the ground. For a time the entire business district of the city was threatened.

Delaware Ice Famine.

The worst ice famine in the city's history is threatened at Delaware unless the present hot wave is ended soon. The ice plant there is unable to meet the emergency and ice can not be purchased at any price elsewhere.

Hearing Later.

Wallace Davidson, ordered before the mayor on a charge of exceeding the speed limit, entered a plea of not guilty and the case was continued until this afternoon.

Resisting Officer.

Nine drunks drew fines of \$5 and costs in police court this morning. One of the number faced the additional charge of resisting an officer and an extra \$5 was assessed for this offense. Mayor Bigbee in assessment.

President Wilson has named Herbert Quick as one of the members of the new farm loan board.

Quick is a student of rural credits and until a few months ago was editor of Farm and Fireside. He was nominated three times for mayor of Sioux City, Iowa, and elected once, serving from 1896 to 1900.

ing the fine told the defendant that under ordinary circumstances the fine for resisting arrest would be higher, but that in this case the defendant already had received some punishment from the officer. He still showed the effects of his encounter.

Home From Convention.

Drs. W. G. Corne and E. V. Prior returned today from Louisville, Ky., where they have been for the past week in attendance upon the national dentists convention. They report a pleasant time and a splendid convention. A part of the trip, from Cincinnati to Louisville, was made by water.

BARRY HAS CHARGE OF G. O. P. PUBLICITY

David S. Barry.

David S. Barry, Washington correspondent of an eastern newspaper, has been appointed director of publicity for the Republican national committee. He is a veteran newspaper man and publicist. He served on the publicity staff of the Republican committee in 1908.

ASPHALTIC CONCRETE FOR WYOMING AND 9TH; CONTRACT IS AWARDED

Contracts have been awarded by the board of control, Mayor Bigbee, Safety Director Bigbee and Service Director Christian, for the construction of paving and curbing in Ninth and Wyoming streets and for the construction of sewers in Franklin, Gannett and Cedar Crest avenues and Prospect street. The street paving contracts were awarded to the Federal Asphalt Paving Company of Hamilton and the material to be used is asphaltic concrete, the same materials used in Tenth street and Hudson avenue, finished a few weeks ago. The sewer construction contracts were let to Keely and Bolin, who have just finished the first street paving. The bids were opened last Thursday.

This is the first sewer work contract undertaken by this new firm, though Mr. Keely has had several local contracts for both street paving and sewer work which he handled alone. The work on all these jobs will be started as soon as possible.

Three other jobs, two paving and one sewer contract, will be ready to be used as the bids of all contractors were higher than the engineer's estimates. These contracts are the Moul and South Cedar street paving and the Eleventh street sewer.

All contractors are complaining about the scarcity of labor. This is responsible for the high price of several of the contracts. Common labor is being paid from \$2 to \$2.50 and \$3 per day. One man employed on city work recently quit his position to go to work for another contractor at \$2 per day.

Contractors who were bidding on these jobs state that in some cases in Cleveland, common labor is paid as high as \$5 per day.

GIVEN PLACE ON FARM LOAN BODY

Herbert Quick.

President Wilson has named Herbert Quick as one of the members of the new farm loan board. Quick is a student of rural credits and until a few months ago was editor of Farm and Fireside. He was nominated three times for mayor of Sioux City, Iowa, and elected once, serving from 1896 to 1900.

HIGHER WAGES, MORE HOURS.

Elvira, O. July 31.—Several hundred office employees of the National Tube company, with an increase in wages inaugurated today, commenced working eight instead of seven and one-half hours.

APOPLEXY FATAL.

Springfield, O., July 31.—A man found dead yesterday in his room here was identified today as Patrick Weaver, a laborer. He was 45 years of age. Apoplexy is given as the cause of death.

FRANCIS JOSEPH REPORTED ILL.

London, July 31, 2:37 p. m.—Emperor Francis Joseph of Austria caught a severe chill while inspecting his troops, says a Vienna dispatch, forwarded to London by the correspondent at The Hague of the Exchange Telegraph company. His majesty is described as being very ill and confined to his bed.

HUGHES WILL BE TOLD TONIGHT OF HIS NOMINATION

[Associated Press Telegram] New York, July 31.—Governors of three states, many United States senators, about 100 representatives in congress, many delegates to the Republican and Progressive national conventions and chairmen of the state committees of both parties are here or on their way to this city to witness the notification tonight of Charles E. Hughes that he has been nominated for the presidency. The ceremony will take place in Carnegie Hall this evening.

Senator Warren G. Harding of Ohio, who presided at the Chicago convention will preside at this meeting and will deliver the notification speech. Mr. Hughes is to be the only other speaker. His family and friends will occupy boxes. Colonel Theodore Roosevelt and Mrs. Roosevelt will be present.

WORKMAN FATALITY CRUSHED.

Columbus, O., July 31.—Thomas B. Dempsey, Jr., aged 28, married, an electrician was killed this morning while at work in a casting foundry. He was crushed between a crane and a brick wall. Dempsey was making some repairs when the accident occurred.

KILLED BY MOTORCYCLE.

Marion, O., July 31.—Thomas Leeper, 23, is dying in a local hospital as a result of a motorcycle accident today when he suffered a fractured skull.

ATTENDED FUNERAL OF HIS SWEETHEART; TRIED TO SUICIDE.

[Associated Press Telegram] Lorain, O., July 31.—Melancholy because his sweetheart, Mary Perge, 16, was killed by a train, Walter Garas, after attending the girl's funeral today, jumped into Black river an attempt to end his own life, according to police. He was rescued.

MILK PRICES ADVANCED.

[Associated Press Telegram] Toledo, O., July 31.—The price of milk will be increased from 4 to 5 cents a pint August 1, it was announced today by all the large local dairy companies. The price in quarts will remain unchanged, 8 cents. The dealers say the increase is brought about by a scarcity of milk, pastures having been burned out by the intense heat.

Railroads

For Employees' Families. [Associated Press Telegram] Pittsburgh, July 31.—Distribution of relief to the dependent families of Pennsylvania railroad employees who are in the military service of the United States, began today from the fund of \$100,000 recently appropriated by the directors.

Railroads Use Much Coal. [Associated Press Telegram] Washington, July 31.—Railroads in the United States last year used 24 per cent. of the country's total coal production. Figures compiled today by the Geological Survey show that 128,200,000 tons went that way, 122,000,000 bituminous and 6,200,000 anthracite.

Newark Defeated. In the baseball game between the Newark Division baseball team and the Newark Division team at Newark yesterday, the local team was defeated by the decisive score of 9 to 0. The local battery was Duffey and Williams.

At Buckeye Lake next Sunday afternoon the local team will clash with the Wilkes team of Columbus. This will be the first game of the season that the local team has played with the Wilkes team, and despite their defeat of yesterday, the Newark boys are anxious to retrieve their fame by a victory.

On Vacation. Assistant Trainmaster T. J. Daly, left last night for Michigan, where he will spend his vacation. After spending some time in various parts of the state, he expects to take an extensive lake trip.

Harry Woole will return to work tomorrow. He has been spending his vacation in Chicago.

4 MINERS DIE IN EXPLOSION. Decatur, Ill., July 31.—Four miners were dead today and two others severely injured as a result of a gas explosion in Springfield Mine at Paines, last night.

The fan at the mine had been shut down over Sunday and when the men entered, a quantity of explosive gas was ignited.

Noticed. In the baseball game between the Newark Division baseball team and the Newark Division team at Newark yesterday, the local team was defeated by the decisive score of 9 to 0. The local battery was Duffey and Williams.

AID IS ASKED FOR SUFFERING POLISH WOMEN

Madame Paderevski, wife of the famous musician, who has taken an active interest in the work of the Polish Victims' Relief Fund, of which Mr. Paderevski is the founder and head, is now attracting her energies to the establishment in Warsaw, Poland, of a home which will be known as THE AMERICAN WOMANHOOD. THE AMERICAN WOMANHOOD, the gift of American women to the thousands of young women of Poland whose lives have been wrecked by the war.

In order that all American women may have an opportunity to contribute toward this worthy object, Madama Paderevski has issued the following appeal:

TO THE WOMANHOOD OF AMERICA—GREETINGS, LOVE AND A PRAYER THAT GOD WILL OPEN YOUR HEARTS TO HELP ME IN MY WORK I HAVE UNDERTAKEN:

More than five hundred thousand young girls of my country, Poland, have had their lives shattered by the greatest tragedy that can come to a woman.

Victims of the conquering and the retreating armies that have incessantly swept over Poland since the beginning of the war, these unfortunate young women, the majority of whose babies have died for want of food, clothing and shelter, and themselves outcast—helpless, alone.

"They come from all classes. That which made them the most pitiable of war victims does not respect rank nor recognize virtue. Their physical suffering, unexpressed as it has been, is exceeded by mental agony that increases with the realization of their condition as they face the future. A home must be provided for these unfortunate ones. They must be put into an atmosphere of hope and courage."

To this end I am asking aid for the founding of a home in Warsaw, the name of which will be THE AMERICAN WOMANHOOD FOR SUFFERING WOMANHOOD, the gift of American women to their unfortunate sisters in faraway Poland. From this center, as an outgrowth, other branch institutions similar in aim and character but entirely self-supporting, will be established in Galicia, Lithuania, and all over Poland.

By this means I hope not only to give aid to my needy country women, but through them to revive the ancient art, for which Poland has been so justly famous, including tapestry weaving, lace making, metallic and silk embroidery, wood carving, and the world-famous art products of Zakopane.

WILL YOU NOT HAVE A PART IN THIS GLORIOUS WORK OF THE REDEMPTION OF THOSE WHO FELL, NOT BECAUSE THEY DID WRONG, BUT BECAUSE THEY WERE WRONGED?

Sympathy is the sweetest gift God has given to our sex, and I am sure you will devote words and means at once to have a share in this noble work. The need is great, and even the smallest contribution will be most gratefully received and acknowledged. Please send your contribution to the National and local committees are now being formed. Contributions and names of volunteer workers may be sent directly to me.

Believe me, faithfully yours, (Signed) HELENA PADEREWSKI

Summer address, until September 1st: Hotel Paso Robles, Paso Robles, California.

Permanent address: Polish Victims' Relief Fund, 28 West 42nd Street, New York City, N. Y.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for Grandmother's Sage and Sulphur Compound, you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you naturally have gray hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Grandmother's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

NOTICE. State of Ohio, Licking County, ss. Pearl Coulter, Plaintiff,

vs. Alva Coulter, Defendant. The above defendant, Alva Coulter, whose place of residence is unknown to plaintiff, will take notice that she has filed her petition in the Probate Court of Licking County, Ohio, for divorce from said defendant upon the grounds of extreme cruelty and gross neglect of duty, and also prays that she be restored to her maiden name of Pearl Moran.

And said petition will be for hearing in six weeks from the first publication hereof.

The style and materials are very attractive, Gingham and percale in plain colors—stripes, large plaids are shown in all colors, in size from 2 to 16 years.

CHAUTAUQUA
EQUIPMENT
HAS ARRIVED

Mr. Harry Heffner, who will be the local manager of the Chautauqua, arrived in the city yesterday to take charge of affairs here. He met with the women's committee this afternoon and heard their report. Mr. Heffner has been in Chautauqua work for several years and Newark has done well in securing him for its manager.

The equipment arrived this morning over the Baltimore and Ohio from Ashland, O., where a very successful Chautauqua was just finished. The program at Ashland was the same that will appear here. The crew which accompanies the equipment is composed of Mr. Mumstead, gate keeper, Mr. Tiffney, usher, Mr. Shafter, cashier, and Mr. Robinson, property man. These men take care of the tent and equipment during the week. The tent was put up today on Hudson avenue grounds.

The program opens tomorrow afternoon at 2:30. Tickets must be bought before that time in parties wish to have the benefit of the two dollar ticket. Tickets can be had of the women of the Federated clubs.

The children's work begins Tuesday afternoon at 3 o'clock. All children are welcome at the afternoon story hour which will be held each day. Children who are holders of children's tickets can take part in the morning work.

SECTION MEN AT
GRANVILLE HAVE
SHOOTING AFFRAY

[Special to The Advertiser]
Granville, Ohio, July 31.—A disgraceful shooting affray, down at the T. & O. C. tracks, punctuated the Sabbath day calm in Granville yesterday, when two or three section hands who had been indulging too freely in booze bought in Newark Saturday night became quarrelsome, and one of the number, Jacob McCarty of Vinton county, pulled a revolver from his pocket and began shooting at William Bartoe. Fortunately for the latter the aim was unsteady and another man received the bullet high in the leg. William Bartoe protested that he had taken no part in the quarrel, but that he was the innocent bystander. Granville physicians were promptly summoned and the wounds dressed. It was found that the bullet could not be located without an X-ray examination, and the sufferer was taken to the Newark hospital by order of the township trustees. The Licking county commissioners will assume the responsibility for the costs, and the outs will be sent to Vinton county where all three men still claim residence. It was found that an operation was necessary before the bullet could be removed. Jacob McCarty is in custody and will be prosecuted.

Mr. Arthur Thompson has been enjoying a house party at his home in East College street. Among the guests are his son-in-law and daughter, Mr. and Mrs. S. B. Dillon and two daughters who motored from Elkhart, Indiana, for a week's visit; his grandson Harold Dillon, of Akron, who spent the week-end.

Mr. and Mrs. J. S. Jones, Dr. and Mrs. A. K. Follett, motored to Zanesville yesterday in Mr. Jones' new Pierce-Arrow where they were guests of Mr. and Mrs. Sherman Granger.
Mr. and Mrs. Klein of Newark, with their daughter, were guests of Mr. and Mrs. William Showman in North street yesterday.

Rev. Lawrence A. Wood of Chillicothe, filled the pulpit in the Baptist church yesterday and delivered an excellent discourse. He is an alumnus of Denison and is the son of Mr. J. V. Wood of this place. He also preached for the union service in the Presbyterian church in the evening, before a large and interested congregation.

In place of an anthem a ladies' quartet composed of Mrs. Rohrer, Mrs. Ullman, Miss Barrett and Miss Thompson sang "Lead Me All the Way," and for offertory Mrs. J. W. Rohrer, director of the choir sang a solo with fine taste and expression.

There will be a vesper service at St. Luke's church this week on Friday afternoon at 4 o'clock to which all are invited.

Rev. E. D. Barnes, pastor of the Presbyterian church, will enter on his summer vacation Aug. 1.
Miss Harriet Rogers who has been at the home of her parents, Rev. and Mrs. Daniel Rogers, in Shepardsport, has gone to Chicago for a summer course in music with Mrs. Crosby Adams.

Miss Laura Marlow who has been visiting in New Lexington, expects to spend the coming week with friends in Granville.

Mr. and Mrs. H. W. Emms will have left Granville and will take up their residence in Columbus.

Mr. and Mrs. Ben Woodburg, their two children and their sister, Miss Mamie Goach, have returned from their summer sojourn at Geneva-on-the-lake.

There has been no hitch in the preparations for the big Methodist picnic which is being planned for Wednesday, August 2, at Cat Run. Unless it rains on that day, a most delightful outing will be enjoyed. Automobiles have been engaged but if you have one you would like to devote to this purpose you can have this feature in charge. The picnic people will assemble at the church at 9 o'clock Wednesday morning.

Mrs. Theodore Johnson is visiting her parents, Mr. and Mrs. C. J. Rose, at Andover. She reports that the results of their recent runaway accident have been more inconvenient to Mrs. Rose than to the doctor, as a broken wrist is not quick-

ly mended. Dr. Rose, however, is not easily intimidated and is regularly working the skittish colt, apparently undismayed by its antics.
Masters Alfred and John (Burr) Owen, son of Mr. and Mrs. John Owen of the Lancaster road, are rejoicing in the possession of a pony, handsomely fitted with a harness and boys' cart, which was a gift from their uncle, Mr. John Sutphen Jones of Bryn Du farm. Last evening Alfred rode the high spirited new comer down to the pasture after the cows, when he was considerably nonplussed over the sensation she produced in the social circles of "domestic stock" life. Every cow, every horse, colt, sheep and other animal which had been peacefully browsing, came with a rush and a gallop to investigate the strange tiny being, new to their experience. With true feminine caprice she resented these rude attentions and immediately went through her whole repertoire of kicking and bucking. But through it all, Alfred, though badly scared at the suddenness of the demonstration stuck like a cowboy to a broncho and rode home in triumph, amid the plaudits of his family.
Mr. Harry Pierce and family are at their home in East Broadway after a two weeks' vacation. Mr. Pierce was in Michigan during part of his vacation.

Pizaro, Noted
Cactus Juice Man,
Is In Newark

Pizaro, known all over the country, East and West as the Cactus Man is in the city. Pizaro comes here from other large cities, where he has spent many months meeting the public, and where he has attracted wide spread attention through his views on health, and hygiene. He is a man of rare talent, magnetic force and the charm of manner and never ceases to surprise one with the minute variety of his knowledge, absolute thoroughness and correctness.

Pizaro claims chiefly that most of the ill health of today is caused by that which in one way distinguishes the civilized man from the savage of the jungle, in other words, he claims that ill health, nine times out of ten is the result of a weak disordered stomach and that nine times out of ten almost all disorders are caused by too much eating and drinking and too little out door exercise and air. "But it is always possible," says he, "to make some effort toward a healthy living," and in connection with this expression of his views, he is personally introducing his famous medicine, Cactus Juice Compound.

To prove his advanced thoughts and to give the people of Newark the advantage of his knowledge Pizaro is in this city. He tells an interesting story of Cactus Compound, which is called the Master Medicine. He states that it is made mainly from the juices of roots, barks, fruits and herbs gathered from many of the most remote parts of the earth, and gains its efficiency through the direction of Prof. E. Seiler, a noted German chemist. It is claimed that Cactus Juice quickly overcomes stomach, liver, kidney and intestinal troubles as well as catarrhal affections and will actually prolong life by restoring and keeping up the vigor of youth in a number of great American cities thousands have been converted to Pizaro's views and have been benefited by Cactus Juice. Pizaro is very philanthropic and charitable to the suffering public, and has made many persons happy by a gift of his remarkable preparation, who perhaps were unable to secure it in any other way.

Pizaro brings with him a large company of vaudeville entertainers, singers, dancers, comedians with band and orchestra and will give entertainments and lectures nightly on a large open air stage at West Canal and Fourth street, beginning Tuesday, August 1st.

MOTHER GOOSE TO VISIT
HERE CHAUTAUQUA WEEK

One of the sixth day features at the local Chautauqua will be the "Mother Goose Festival" under the direction of the Chautauqua story girl. Some happy surprises may be expected in connection with the children's program. Nearly 100 local boys and girls will appear in costume in the sketch that is to be presented. The story girl is to take the part of "Mother Goose," and the children assisting will represent various characters in Mother Goose rhymes.

W. D. Fulton Finds Many Roads are Closed to Traffic Without Real Reason.

As the result of an item published several weeks ago, an automobile anti-detouring association may be founded, which will work for the passage of a law by the legislature this winter that will prevent the entire closing of any public highway while improvements are being made.
Hon. W. D. Fulton of this city, former member of the state legislature, after a long tour in his automobile through the East, found that in no case were the roads closed entirely to travel, no matter how extensive the improvements were that were being made.

One-half of the road was always kept open for travel and there was no detouring until he reached the state of Ohio.

Upon reaching Ohio he found road after road closed to travel and it was necessary to go many miles out of the way before he finally reached home. In another case a Columbus man, who traveled 480 miles, found upon his return that 76 miles' travel was caused by detouring.

Many miles of perfectly good road is now closed to motorists because some improvements are being made on a small part of the road. The autoist is compelled to make detours which take him through rough roads and far out of the direct way, making road guides and maps almost useless and causing endless troubles.

Mr. Fulton in Columbus Saturday, said to a Dispatch reporter: "I have received almost 1,000 letters regarding that little article in the papers and have been requested in hundreds of cases to take up the cause and fight for the passage of a bill at the next legislature which will help to alleviate this troublesome matter."

There is absolutely no reason in the world why so many miles of good highway should be closed just because the contractors are making improvements in a small strip. The road between Columbus and Hebron has now been closed for more than a year and it looks as though it would be closed for another year. The autoist is compelled to drive far out of the way when he could make the direct route with but little trouble on the part of the contractor.
"If I go into this thing I will urge the passage of a law that will make it compulsory upon the part of the contractor when he gets the bid to keep the main thoroughfare open at all times and when it is absolutely necessary to leave the main road while repairs are being made, one-half of it shall be kept open for travel while the other half is being repaired."

Mr. Fulton is getting a good deal of publicity over the state by reason of his suggestion on repairing roads and this is helping him in his candidacy to secretary of state. Mr. Fulton's name will be on the primary election ballot, August 8th. Licking county has endorsed him and Mr. Fulton's friends are urging all Democrats to vote for him on August 8.

MAY POSTPONE
OPERATIONS OF
ANTI-TRUST LAW.

[ASSOCIATED PRESS TELEGRAM]
Washington, July 31.—A conference between Chairman Overman and President Wilson the senate judiciary committee today considered an amendment to Clayton anti-trust law to postpone for two years the effectiveness of a section which after October 15 would restrict dealings between railroads and other corporations having common officials or directors. The amendment has the support of the President. Efforts will be made to pass it during the present session of congress.

The Barnard college addition, given by Jacob H. Schiff in commemoration of the 50th anniversary of his arrival in this country, will cost nearly \$500,000.

BIG CROWD AT
BUCKEYE LAKE
LAST EVENING

There was a large crowd at the lake all day yesterday but last evening the crowd resembled that of a holiday, people evidently waiting until the cool part of the evening, if such a thing is possible, to enjoy the breezes from the lake.

The new bathing beach was the scene for hundreds and it was well patronized afternoon and evening, it being estimated that there were over 500 persons in the lake at one time.

Both orchestras were augmented by the addition of a cabaret singer and the music was excellent. The dancing pavilions, The Mauger and The Buckeye, were crowded to capacity. The boat line did a rushing business and over a thousand small craft were out upon the water.

Capt. Jack Bishop made two high dives, one in the afternoon at 4 o'clock and the other in the evening at 8. He also gave an exhibition of fancy swimming. The captain's "stunt" is one of the most popular which has ever been given at the lake.

Messrs. Defenbach and Fisher, park lessees, have arranged a special program for next Sunday which will include a drill by the famous Woodman team of this city. The Buckeye band will furnish music for the day and Director Fred Abbott promises a fine program.

HURBAUGH WILL
WEAR SAFETY AS
SAFETY DEVICE.

Officer Eddie Hurbaugh today is contemplating securing a pair of spurs such as are used by linemen for climbing poles, which he will wear as "safety first" appliances. His determination to take to the tree tops is the result of an experience Sunday afternoon when he though he was being chased through the court house park by an unruly automobile.

Hurbaugh was walking leisurely through the park on the South Side, thinking how much he would enjoy the evening when he could shed his uniform coat and hot collar. Suddenly an automobile loomed up in front of him and he almost broke the record for a broad jump.

A driver headed his machine in toward the curb to park it. It failed to stop at the curb but kept right on going until it was brought to a stop at the edge of the inner walk. Hurbaugh's movement created some amusement.

Abe Martin

Mr. and Mrs. Leslie Moon have returned from her wedding trip and joined the Survivors of Niagara Falls. If Hughes is elected it'll have to be by a decisive vote for he'll never stand for a close shave.

Nettles are used as food in Switzerland and other thrifty countries. They are said to be nearly as palatable as spinach.

JOHN FLANIGAN
DONATES BREAD
FOR THE PICNIC

John Flanigan, proprietor of the Flanigan Bakery, in North Fourth street, has proven that he is a friend of the kiddies by offering to donate enough "Tip Top" bread for all the sandwiches for picnic day. Tuesday, August 17.

Mr. Flanigan is a great lover of the little kiddies and Sunday he called up Dr. J. T. Lewis, chairman of the Newark Auto Club picnic committee and informed that official that he wanted in on the forthcoming event and proposed to make a donation. It was gladly accepted and Mr. Flanigan's generous offer will assist the members of the committee in a great measure.

Chairman Lewis has a number of treats in store and he is among the price lists for crack-cakes, macarons, gum factories and candy stores. He proposes giving the kiddies the "tip top" bread. Just think, gum and youngsters whose parents have no automobiles will be given one day of real pleasure when they will be taken to beautiful Buckeye Lake in sixty machines and after they arrive there they will be given a boat ride around the lake as the guests of the park managers. Messrs. Defenbach & Fisher. Then there is going to be a merry-go-round ride and other amusements and then comes the picnic dinner.

All machine owners are invited to participate. Chairman Lewis and his assistant members of the committee, M. J. Reese, Rev. Don D. Tullis and H. D. Hale will call on you when the next few days. Don't you want to help the kiddies? Some of them haven't any father, mother or big brother to show them a good time. Why not be a Big Brother yourself? You will enjoy it. Try it and see.

COMMUNITY DAY
AT CHATHAM WILL
BE BIG AFFAIR

The following is the program for the Third Community day, Chatham, Ohio, Thursday, August 3, 1916.
Assemble in J. W. Dunlap's meadow for parade. Parade will move at 11 a. m. sharp.
12 m. dinner.

Games—James Pierson and J. M. Lambert, directors.
Baseball called at 3:30 p. m.
6:30 p. m.—General song session.
Old-time songs to be used.
Fancy drill—Young ladies of Van Wert, O., music by band.

What Housewives Are Glad to Know

Picnic Sandwiches

Cocunut Sandwiches.—To one-half cupful of any favorite jelly add one-fourth cupful of shredded cocunut and mix well. Spread thin slices of white bread first with butter, then with the jelly cocunut filling. Form into sandwiches and cut into rounds with a cookie cutter or into triangles.

Celery and Cheese.—Mix together one pint of diced celery with one cupful of diced cheese. Chop fine and mix to a smooth paste with mayonnaise dressing. Spread thin slices of bread first with butter then with the celery and cheese filling.

Cottage Cheese and Pepper.—Season one cupful of cottage cheese with salt and pepper to taste. Add one sweet pepper, remove stem and seeds and chop fine. Mix the cheese and chopped pepper together and add enough thick sweet cream to make a stiff paste. Spread thin slices of whole wheat or medium bread with fresh slightly salted butter, then with the pepper and cheese filling.

Simple Chicken.—To one large cupful of chopped cooked chicken add one hard boiled egg, pressed through a sieve, one-half of a minced onion, salt and pepper to season and one tablespoonful of clarified chicken fat, thick sweet cream or soft butter. Mix well. Spread thin slices of white bread first with butter, then with the chicken.

Jelly Cake.—Cut plain cake into rounds with a cookie cutter and spread raspberry jelly between two rounds. Wrap each sandwich in waxed paper. Chopped raisins moistened with orange juice is another good filling, or apple jelly with a sprinkling of chopped walnuts or blanched chopped almonds.

Peanut.—Shell the desired amount of roasted peanuts and chop fine or grind in a food chopper. Mix to a smooth paste with mayonnaise dressing. Spread thin slices of brown bread with fresh slightly salted butter and then with the peanut filling.

Drill—Young Ladies of Liberty Church.

Solo—Mrs. Bender.
Drill—By Chatham young people.
Illustrated Address—Rev. Otto Gosch D. D., Granville, Ohio.

The ladies having charge of the dinner earnestly request all not to eat dinner until after the parade is over. Please observe standard time.

SALOONKEEPER
RESISTED; KILLED
BY A POLICEMAN

Cincinnati, July 31.—Although asserting that he acted in self defense when in danger of being beaten to death, Patrolman Clinton Nee who is seriously injured at the central hospital expressed deep regret today that he had shot and killed Louis Parr, the saloonkeeper, at 1411 Madison street. Nee said that during his 22 years in the police service he has always hoped that he would never have to use his revolver to kill a lawbreaker.
The fatal shooting took place early Sunday when Nee attempted to arrest Parr on charges of disorderly conduct and violating the midnight saloon closing law.

The Home Doctor.

Nervousness.—Live out of doors as much as possible, sleep on a hard bed, take cold baths, drink hot tea or alfalfa tea and eat lightly of good nourishing foods, says the Farm and Fireside. You will build up your nervous system in this way.

Corns and Bunions.—Apply oil dressings and soak the feet in hot water every day and see that your shoes and stockings fit—never too large or too small, too short or too narrow. Keep the corns and bunions dressed down, and change your stockings three times weekly.

Loosened Teeth.—Pyorrhea invariably indicates autohemia of pronounced type. Keep the bowels open with some good liver pill and citrate of magnesia. Clean the mouth several times daily with standard menthol compound solution or gum wash, using a stiff brush. Eat plenty of good nourishing food and get your system above par.

Intestinal Indigestion.—Take a teaspoonful of soda bicarbonate in a glass of hot water to sweeten up your sour stomach. Then take an ox gall compound tablet after each meal to supply the bile that is lacking for digestion.

Ringworm.—Apply a one or two percent formalin solution lightly for a few applications.

Berry Muffins.

Two and one-half cupfuls of flour, two teaspoonfuls of baking powder, three-fourths of a cupful of sugar, a cupful of milk, two eggs, a heaping tablespoonful of melted butter, one-half teaspoonful of salt, and a cupful of any preferred berries. Sift together the salt, flour and baking powder, add the milk, then the beaten eggs, the butter, and lastly the berries. Stir well and bake in buttered gem pans for twenty minutes in a hot oven.

ARMY COMMANDER
IS NOT BLAMED
FOR VILLA RAID

[ASSOCIATED PRESS TELEGRAM]
Washington, July 31.—(AP)—Extracts from the final report of the inspector-general's department on the Villa raid at Columbus, N. M., made public today by the war department, show that Colonel Herbert J. Slocum, of the Thirtieth division, has been exonerated from all blame for the surprise attack upon his headquarters and the town.
The inspector-general's report is based upon voluminous testimony heard from officers and men of the Thirtieth division and from other persons who could be found with information on the subject. Part of the testimony was given out with the substance of the inspector-general's findings.

Not Improbably.
A gentleman of a very excitable and emotional nature had the misfortune to lose his third wife. He took the affliction very much to heart and at the grave was so overcome that he fainted. His friends gathered around him and were fearful for his life. As they were a few moments away from the grave, a fellow who spoke in a loud, hoarse voice, he stepped down and felt the gentleman's pulse and looked up said, "He's all right; he'll re-live."
